Artificial Intelligence AI and Human Centric Computing focus on designing systems that align with human values needs and abilities AI creates machines capable of learning reasoning and decision making while Human Centric Computing prioritizes user friendly ethical and productivity enhancing technologies Together these fields aim to develop AI systems that emphasize user interaction inclusivity and adaptability Applications include AI driven personal assistants adaptive learning platforms and assistive technologies for individuals with disabilities The goal is to ensure AI complements human efforts fostering collaboration between humans and intelligent systems in a socially and ethically responsible manner rather than replacing humans Introduction to Empirical Processes and Semiparametric Inference Michael R. Kosorok,2007-12-29

The goal of this book is to introduce statisticians and other researchers with a background in mathematical statistics to empirical processes and semiparametric inference These powerful research techniques are surpr ingly useful for studying large sample properties of statistical estimates from realistically complex models as well as for developing new and proved approaches to statistical inference This book is more of a textbook than a research monograph although a number of new results are presented The level of the book is more troductory than the seminal work of van der Vaart and Wellner 1996 In fact another purpose of this work is to help readers prepare for the mathematically advanced van der Vaart and Wellner text as well as for the semiparametric inference work of Bickel Klaassen Ritov and We ner 1997 These two books along with Pollard 1990 and Chapters 19 and 25 of van der Vaart 1998 formulate a very complete and successful elucidation of modern empirical process methods The present book owes much by the way of inspiration concept and notation to these previous works What is perhaps new is the gradual yetrigorous anduni ed way this book introduces the reader to the eld **GOTO Guide for**
