Reclaiming Your Community Majora Carter, 2006-10-19 Majora Carter shows how brain drain cripples low status communities and maps out a development strategy focused on talent retention to help them break out of economic stagnation My musical In the Heights explores issues of community gentrification identity and home and the question Are happy endings only ones that involve getting out of your neighborhood to achieve your dreams In her refreshing new book Majora Carter writes about these issues with great insight and clarity asking us to re-examine our notions of what community development is and how we invest in the futures of our hometowns This is an exciting conversation worth joining Lin Manuel Miranda How can we solve the problem of persistent poverty in low status communities Majora Carter argues that these areas need a talent retention strategy just like the ones companies have Retaining homegrown talent is a critical part of creating a strong local economy

that can resist gentrification But too many people born in low status communities measure their success by how far away from them they can get Carter who could have been one of them returned to the South Bronx and devised a development strategy rooted in the conviction that these communities have the resources within themselves to succeed She advocates measures such as Building mixed income instead of exclusively low income housing to create a diverse and robust economic ecosystem Showing homeowners how to maximize the long term value of their property so they won't succumb to quick cash offers from speculators Keeping people and dollars in the community by developing vibrant third spaces restaurants bookstores and places like Carter's own Boogie Down Grind Cafe This is a profoundly personal book Carter writes about her brother's murder how turning a local dumping ground into an award winning park opened her eyes to the hidden potential in her community her struggles as a woman of color confronting the male and pale real estate and nonprofit establishments and much more It is a powerful rethinking of poverty economic development and the meaning of success Stitched Together

Bob Thompson, 2019-10-15 When Bob Thompson asked his granny years ago why she continued to create so many of her beautiful quilts she said it was the only way she could reach across time touching and giving her descendants her energy And just like his granny Thompson's gift of storytelling provides a reverence and buoyancy all its own This collection combines personal and family experiences to create a patchwork quilt of gripping stories with the comfort of memory Thompson draws on his mother's seventy years of diaries handwritten notes and recipe cards to reveal that every story no matter how small has some wisdom to impart He describes how as a child he would pass his days on the front porch of his granny's country store in western Kentucky and listen to regulars swap stories and spin yarns which cemented his passion for storytelling His granny's methods of quilting provide an interesting perspective on life She never hurried her stitches were small and even Fascinated with numbers I counted as many as eight hundred per square and did the math sixteen thousand for a twin bed sized quilt When I mentioned that some of Great Grandmother Brim's quilts had stitches so large that you could get your big toe caught in them Granny smiled and said It's not the size of the stitches that count it's the spaces between them Thompson's poignant narratives of community friends and family impart the significance of the quiet moments and meaningful spaces between everyday events In doing so they demonstrate that there is something to be gained from every human experience
