The Lost Book of Sun Yatsen and Edwin Collins Patrick Anderson, 2016-11-25 Sun Yatsen (1866-1925) occupies a unique position in modern Chinese history; he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan. The first president of the Republic of China in 1911-12, the peasant-born yet Western-trained Dr. Sun was also a dedicated political theorist constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution. A decade before the public emergence in Japan of his *Three Principles of the People* and weeks before even his first slim publication in 1897, kidnapped in London, Sun was already hard at work in the Reading Room of the British Museum planning his most ambitious book yet: a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty. Started, then abandoned twice over, destined never to be completed, let alone published, we can only conjecture what title this revolutionary book might have had. *The Lost Book of Sun Yatsen and Edwin Collins* is the first study of this lost work in all scholarship, Western or Chinese. It draws its originality and its themes from three primary sources, all presented here for the first time. The first is a series of interconnected lost writings co-authored by Sun Yatsen between 1896 and 1898. The second is the mass of lost political interviews with and articles dedicated to Sun Yatsen and his politics, first published in the British

press in the aftermath the dramatic world famous rescue of Sun from inside the Chinese Legation in London in 1896 The third source is the Apostle of the Simple Life for Children the Anglo Jewish Rabbi Edwin Collins 1858 1936 a devotee and practitioner of Jean Jacques Rousseau s mile and the New Education movement it inspired who became Sun s writing collaborator of choice during his years of political exile from China Drawing on this wealth of neglected material Patrick Anderson s book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs **Our old home. - Septimus Felton. - Fanshawe. - Dolliver romance, etc** Nathaniel Hawthorne,1876 **The Romance of the Book** Marshall Brooks,1995 The Romance Of The Book edited and with an introduction by Marshall Brooks spotlights a selection of essays from the early days of the book to current times when some claim the book could become an endangered species Each writer relates a lifelong relationship with the book as a friend source of inspiration educational tool an object to collect or give as a gift or as a philosophical ally in one s darkest days
