Snapchat Marketing: How to Access Secret Features Hidden by Snapchat (An Entrepreneur's Guide to Snapchat Marketing Mastery for Business Success) David Robbins, 2011-01-01 This book will take you through step by step how to get the most out of the the new social media kid on the block Get one step ahead of your competition and learn the tips and techniques of utilizing this amazing social media marketing tool Usually overlooked snapchat is rapidly getting recognized as a key tool in marketing and promotion by many businesses Don't miss out on the boom By following the simple techniques written in this book you will unlock a largely untapped pool of opportunities and potential hidden away in the social media marketing world You will learn Why every business needs a social media marketing strategy How to build a successful social media marketing plan The most effective content to share on social media and how to make it Hundreds of tips to get more followers and grow your audience How to use text images stories and live video to grab the attention of your ideal customer How to use paid advertising to supercharge your content and reach a massive audience And more Right now snapchat has over 100 million daily app users and has become the hottest place for millennials to send pictures to their friends It also happens to be the newest place for businesses to win over new customers These snapchatters watch over 10 billion videos a day making this a huge opportunity for marketing a product service or business via advertisements and digital marketing With this kind of growth using snapchat to broadcast and share video is something everyone must consider the most powerful current place to broadcast one's life

Social Media and the Sale of Illicit Substances Niklaus Julian Sempach, 2024-11-29 This publication provides an exploratory overview of newly emerging digital drug markets as well as a critical discussion of criminal responsibility of platforms for hosting user generated content under 47 U.S.C. 230 in light of the newly enacted EU Digital Services Act

You: For Sale Stuart Sumner,2015-08-20 Everything we do online and increasingly in the real world is tracked logged analyzed and often packaged and sold on to the highest bidder Every time you visit a website use a credit card drive on the freeway or go past a CCTV camera you are logged and tracked Every day billions of people choose to share their details on social media which are then sold to advertisers The Edward Snowden revelations that governments including those of the US and UK have been snooping on their citizens have rocked the world But nobody seems to realize that this has already been happening for years with firms such as Google capturing everything you type into a browser and selling it to the highest bidder Apps take information about where you go and your contact book details harvest them and sell them on and people just click the EULA without caring No one is revealing the dirty secret that is the tech firms harvesting customers personal data and selling it for vast profits and people are totally unaware of the dangers You For Sale is for anyone who is concerned about what corporate and government invasion of privacy means now and down the road The book sets the scene by spelling out exactly what most users of the Internet and smart phones are exposing themselves to via commonly used sites and apps such as facebook and Google and then tells you what you can do to protect yourself The book also covers legal and government issues as well as future trends With interviews of leading security experts black market data traders law enforcement and privacy groups You For Sale will help you view your personal data in a new light and understand both its value and its danger Provides a clear picture of how companies and governments harvest and use personal data every time someone logs on Describes exactly what these firms do with the data once they have it and what you can do to stop it Learn about the dangers of unwittingly releasing private data to tech firms including interviews with top security experts black market data traders law enforcement and privacy groups Understand the legal information and future trends that make this one of the most important issues today

Mastering Apps Adidas Wilson, Communication technologies are constantly advancing to keep up with the times Messaging apps are

huge right now Completely overtaking social media by becoming the primary way we communicate online When most entrepreneurs are starting out they like to read articles on how to make a killing with your first app building the multi billion dollar app and most books related to this topic They are glued to this side of the story and blinded to the other To have your own success story you have to find out why other apps fail The painful truth is there are more failed apps than successful ones
