Queer Precarities in and out of Higher Education Yvette Taylor, Matt Brim, Churnjeet Mahn, 2023-04-06 *Queer Precarity in Higher Education* looks at queer scholars pushing against institutional structures and the queer knowledge that gets pushed out by universities. It provides insight into the work of in and beyond academia as it is un-done in the contemporary post-Covid moment not least by queer academic activists. This radical un-doing represents cycles of queer precarity, pragmatism and participation both situating and questioning the queer arrival of institutionalized programmes and presences e.g. queer and gender studies degrees prominent and public feminist academics. In this book the contributors push back against contemporary educational precarity mobilizing queer insight and insistence and push back against confinement of the University socially and spatially. The collection brings together academic activist perspectives to extend understandings of experiences of marginalization and inequality in higher education. It also documents the diversity of tactics with which queers negotiate and resist the various shifting and interconnected forms of precarity and privilege found on the edges of academia. Contributors consider these issues from inside outside academia and across career course challenging the queer arrival as emanating outward from the university to the community from the academic to the activist or from a state of privilege to a place of precarity.

Whistled Dawn Duhamel, 2020-09-25 A variety of traumatic personal events including a physical assault, a home burglary, a school shooting, the layoffs of the Great Recession and metoo impacted Dawn Duhamel's life. In *Whistled* she shares her story chronicling the events that shaped her. Living under the belief that working hard always pays off and experiencing success that proved her theory Duhamel was unprepared when at the age of fifty an anonymous contrived whistleblower complaint was filed against her ultimately resulting in her controversial termination. Blindsided by being fired for the first time the ensuing self-doubt suffocated her spirit until after twenty-four months of questioning and processing she discovered what truly mattered and the reasons to love herself again. *Whistled* narrates a story of how Duhamel found meaning in loss, hope in resiliency and courage in vulnerability. For anyone who has been betrayed, fired or felt discarded this memoir is about finding your way back to your true and best self.

Surviving Breast Cancer - My Personal Story Ady Iribhogbe, 2025-08-13 This story is about cancer survival fueled with love. The love of our heavenly Father who promises never to leave us nor forsake us in every season of our lives whether good times or bad. The love of a devoted husband who loved his wife unconditionally. Even when her chest had been amputated he loved and stood by her in sickness and in health. The unconditional love of two amazing children who are not affected by how their mother looks. They are just happy to see her, hug her and cuddle with her. As long as there is life there is hope for healing and strength for tomorrow. The lifelong love of my brothers, my siblings who always come running when I call from whatever corner of the country they are and when they come they do not come alone. They come with their amazing wives and children to show me and my family their love and support and above all they pray with us and for us. This story is fueled by the corporate love of

our church family and our Christian school family our brothers and sisters in Christ who bombard us with visits loving and encouraging messages and meals prepared with love that warms your soul This is a story of how you can overcome in the middle of the struggles of life when surrounded by sisterly love from my sisters from another mother my sisters in Christ and my sisters for life This is a story of how the love of God saved me rescued me from the hands of a deadly disease and transformed me back to the land of the living When you read what I have experienced you will know why I had to share this amazing story of survival with all of you my fellow humans I am a woman of faith who has faced many adversities in life and through it all God my Creator has always been by my side His promise to never leave me nor forsake me is true and evident in my life Eight years ago when I got a diagnosis of breast cancer and my whole world was turned upside down my faith in God the love of a wonderful husband my beloved children family and friends saw me through a terrible ordeal I am alive today because of God being on my side the miracle of modern medicine and an amazing healthcare team of experts I did not only survive breast cancer I am living and thriving after breast cancer and if God did it for me He will do it for you too

Trans Technologies Oliver L. Haimson, 2025-02-25 How technology creates new possibilities for transgender people and how trans experiences in turn create new possibilities for technology Mainstream technologies often exclude or marginalize transgender users Trans Technologies describes what happens when trans people take technology design into their own hands Oliver L Haimson whose research into gender transition and technology has defined this area of study draws on transgender studies and his own in depth interviews with more than 100 creators of technology including apps games health resources extended reality systems and supplies designed to address challenges trans people face to explain what trans technology is and to explore its present possibilities and limitations as well as its future prospects Haimson surveys the landscape of trans technologies to reveal the design processes that brought these technologies to life and to show how trans people often must rely on community technology and the combination of the two to meet their basic needs and challenges His work not only identifies the role of trans technology in caring for individuals within the trans community but also shows how trans technology creation empowers some trans people to create their own tools for navigating the world Articulating which trans needs and challenges are currently being addressed by technology and which still need to be addressed describing how trans technology creators are accomplishing this work examining how privilege race and access to resources impact which trans technologies are built and who may be left out and highlighting new areas of innovation to be explored Trans Technologies opens the way to meaningful social change
