Martin, Jr.,2025-04-22 The convergence of the politics of representation and Black fan cultures Boldly going where few fandom

scholars have gone before Fandom for Us by Us breaks from our focus on white fandom to center Black fandoms Alfred L Martin Jr engages these fandoms through what he calls the four C s class clout canon and comfort Class is a key component of how Black fandom is contingent on distinctions between white nationally recognized cultural productions and multicultural and or regional cultural productions as demonstrated by Misty Copeland s ascension in American Ballet Theatre Clout refers to Black fans realization of their own consumer spending power as an agent for industrial change reducing the precarity of Blackness within historically white cultural apparatuses and facilitating the production of Black blockbusters like 2018 s Black Panther Canon entails a communal fannish practice of sharing media objects like the 1978 film The Wiz which lead them to take on meanings outside of their original context Comfort describes the nostalgic and sentimental affects associated with beloved fan objects such as the television show Golden Girls connected to notions of Black joy and signaling moments wherein Black people can just be themselves Through 75 in depth interviews with Black fans Fandom for Us by Us argues not only for the importance of studying Black fandoms but also demonstrates their complexities by both coupling and decoupling Black reception practices from the politics of representation Martin highlights the nuanced ways Black fans interact with media representations suggesting class clout canon and comfort are universal to the study of all fandoms Yet for all the ways these fandoms are similar and reciprocal Black fandoms are also their own set of practices demanding their own study

Forever 1980s Teenager: Family, Friends, Music and Memories Paul Tannahill, 2025-06-30 To be a teenager in the 1980s What a great time it was The 80s Metal bands the shopping malls the arcades video stores and even the big hair The 1980s were big over the top and glorious And then one day we realized that it was all gone As a teenager I gave little thought as to what the future could be like I had no reason to believe that many of the places and pastimes of my youth would become almost obsolete In my young mind life as an adult would continue on with little change to the places and life that I so enjoyed But I was wrong Progress moving forward advancing whatever one wishes to call it the 1980s did not just disappear as a group of numbers The places and activities which they encompassed also began to fall into the abyss of time But time brings other changes to our lives as well Such as the loss of loved ones As we get older we learn what time is capable of taking from us The places and people of our youth who were once filled with love and life succumb to the grip of time But what it cannot take away from us is the incredible memories friendships and family love that become engraved in our minds and hearts with a crystal purity that time will never be able to rob from us This is my story of how time moves forward leaving only memories in its wake But this is also my story of what it was like to be a teenager in the 1980s Stories of activities and culture that many youth today may find difficult to believe really happened What was it like to be a mall rat What was it like to see video stores on every corner What was it like to go out and purchase a physical vinyl record instead of downloading one Come back in time with me and reminisce about the life of a teenager in the 1980s and how the future decades came to change so much of what was once an easier time The Screen Chills Companion, 1931-1939 Chris Fellner, 2025-05-02 This first volume of a
