Microsoft Office Excel 2007 in Depth Bill Jelen, 2008 Microsoft Office Excel 2007 In Depth will ease the upgrade path to the latest version of Microsoft best selling spreadsheet program The author introduces you to the new interface allowing you to quickly get back up to speed in performing your job and will then introduce the powerful new features available in Excel 2007 Summary This book has been crafted to grow with the user providing the reference material needed for move towards Excel proficiency and use of more advanced features If you buy only one book on Excel Microsoft Office Excel 2007 In Depth is the one to choose Does your life play out in a spreadsheet Do numbers in columns and rows make or break you in the work world Tired of having numbers kicked in your face by other Excel 2007 power users who make your modest spreadsheets look paltry compared to their fancy charts and pivot tables If you answered yes to any of these questions Microsoft Office Excel 2007 In Depth is the book that will make it all better Learn quickly and efficiently from a true Excel master using the In Depth formula for success Here you ll find information that s undocumented elsewhere even in Microsoft s own Help systems You ll learn from finely crafted real life examples built by an author who lives and dies by the integrity of his spreadsheets Excel s backbone is its formulas and functions Master those and you will master your spreadsheets Microsoft Office Excel 2007 In Depth provides more down and dirty help with your formulas and functions than you ll find in any other book See how it s done in real life Don t settle for lame pivot table and chart examples found in other books This book provides beautifully detailed examples that not only show you how it should be done but how to be the local worksheet hero Author Bill Jelen is an accomplished Excel author and the principal behind the leading Excel website MrExcel com As an Excel consultant he has written Excel VBA solutions for over 300 clients around the English speaking world His website hosts over 10 million page views annually Prior to founding MrExcel com Jelen spent twelve years in the trenches working as a financial analyst for finance marketing accounting and operations departments of a 500 million public company Special Edition Using Microsoft Office Excel 2007 Bill Jelen, 2002-12-05 THE ONLY EXCEL BOOK YOU NEED We crafted this book to grow with you providing the reference material you need as you move toward Excel proficiency and use of more advanced features If you buy only one book on Excel Special Edition Using Microsoft Office Excel 2007 is the book you need Does your life play out in a spreadsheet Do numbers in columns and rows make or break you in the work world Tired of having numbers kicked in your face by other Excel power users who make your modest spreadsheets look paltry compared to their fancy charts and pivot tables If you answered yes to any of these questions Special Edition Using Microsoft Office Excel 2007 is the book that will make it all better Learn quickly and efficiently from a true Excel master using the tried and true Special Edition Using formula for success Here you ll find information that s undocumented elsewhere even in Microsoft s own Help systems You ll learn from finely crafted real life examples built by an author who lives and dies by the integrity of his spreadsheets Excel s backbone is its formulas and functions Master those and you will master your spreadsheets Special Edition Using

Microsoft Office Excel 2007 provides more down and dirty help with your formulas and functions than you ll find in any other book See how it s done in real life Don t settle for lame pivot table and chart examples found in other books This book provides beautifully detailed examples that not only show you how it should be done but how to be the local worksheet hero

Excel 2007 Matthew MacDonald,2006 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use

Unfortunately Microsoft s documentation is as scant as ever so even if users can find advanced features they probably won t know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It s a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information

The Encyclicon - Volume 4 Thomas L. Saaty,Madjid Tavana,2021-03-02 Volume 4 has a very large number of more recent case studies and takes a closer look to the building process of the Benefits Opportunities Costs and Risks models using AHP top level networks rating of the B O C R with the help of the strategic criteria and ANP bottom level networks The Encyclicon is an advanced dictionary of structures used to represent complex decisions The first dictionary of hierarchic decision making was the Hierarchon Since hierarchies are a special case of networks the examples given here can be regarded as more general and complete representation of decision making In particular except for a group of market share examples they all involve decisions made by considering Benefits B Opportunities O Costs C and Risks R They also involve a synthesis of these BOCR merits into a single overall best outcome for a decision This is the first volume of the series of Encyclicon books Each of the books contains different models from different years collected by a different author along with Thomas L Saaty and although all books tackle similar topics there are different models and different approaches on how to summarize and represent models for general use These books are meant as a reference guide when you try to set up ANP or AHP complex decision models The case studies in the books are linked to online reference material related to that which often include the super decision model power point presentation and the original report of the case
