[hiring.manager@gmail.com]

Dear [Mr./Mrs./Ms.] [Hiring Manager's Name],

I came across your job posting in ABC Company for the Warranty Administrator position, and I am interested in applying for it. I am the ideal candidate for this position due to my background as Warranty Administrator and I am confident that my 6 years of expertise and knowledge will be very helpful to your company.

I hold a Master's degree in Business Administration from a reputable university and am a motivated and experienced professional. I have a lot of experience resolving product problems and warranty claims in my role as a warranty administrator. I've handled hundreds of claims with success and addressed numerous challenging product problems. My keen eye for detail makes sure that every piece of paperwork is completed accurately and on schedule. I can spot trends and prospective issues with great speed thanks to my analytical talents, which allows me to take immediate action when necessary.

Highlights of my experience include –

- Assisted in the management of numerous accounts receivable, including posting payments, balancing credits and debits, and addressing any problems.
- Proactively examined all unpaid claims, corrected or appealed them within a set time limit.
- Interacted with representatives from external vendors on open claims while preserving and supplying all necessary verification requirements to ensure payments.
- Reduced loss potential by more than 30% by implementing the ever-changing warranty policies and processes.

I am a very organized, meticulous person who can do several projects at once. I have strong problem-solving, and communication skills, and the capability to work both independently and collaboratively. I have no doubt that these abilities will be beneficial to your company.

My range of experience coupled with my ability to be an enthusiastic, compassionate professional would make a positive contribution to your institution. I would welcome an interview and hope to hear from you at your earliest convenience.

Sincerely,
[Your Name]

Winward Fearon on Collateral Warranties David L. Cornes,Richard Winward,2008-04-15 Since this book was first published over ten years ago collateral warranties have been used increasingly by funding institutions building purchasers and tenants to create a contractual relationship between themselves and other parties involved in the project whether architect engineer contractor or subcontractor Indeed collateral warranties are now being used to create primary contractual obligations There have been some immensely important developments in the law relating to collateral warranties since the first edition The Contracts Rights of Third Parties Act 1999 has introduced radical new developments into English contract law The book now includes a completely new chapter on the legislation which also looks at the potential practical uses of the Act on development projects The House of Lords has handed down a number of key decisions recently on third party remedies and on the principles relating to damages on assignment such as Linden Gardens Panatown Henderson v Merrett Syndicates and White v Jones These and some 65 other new cases are considered in the new edition Finally a number of standard forms of warranty have been issued and these are now discussed in particular the new JCT standard form of warranty for main contractors and subcontractors This immensely important book was widely welcomed when it was first published The new edition has been thoroughly updated and will continue to be the authoritative reference on the subject David Cornes and Richard Winward s book is a veritable mine of such information and is eminently readable Construction News 16 05 02 For those of you working in construction managing building or indeed other contracts you must have at least one authoritative source of advice and information If this is your area of work then this is your book Building Engineer July 2002 **Board of Contract Appeals Decisions** United States. Armed Services Board of Contract Appeals,1969

Engineering Contracts ROBERT RIBEIRO,1997-01-02 Engineering Contracts is intended for those who wish to acquire

skills in drafting negotiating and working with commercial and engineering contracts It aims to bring a different approach to the subject combining the traditional legal perspective of the law of contract with the needs of the commercial manager or engineer who is seeking solutions to technical and commercial problems The context within which these matters are examined is as wide as possible for the purposes of illustration cases are drawn from the fields of mechanical electrical chemical electronic and civil engineering as well as from construction and building contracts In many cases the important points are common to all disciplines for instance the importance of ensuring that what has been specified is what is delivered by a supplier and that any such delivery or indeed any event critical to the timely conclusion of a project takes place when arranged There is advice on how the concepts broached relate to real life requirements and the reader will benefit from the helpful Legal Questions Answered section that is included in most chapters In addition there is a summary guide to drafting an engineering contract a section on the relevant statutes and other legislation in force and a list of the engineering institutions and their standard forms of contract Case studies of genuine and practical origin from the author's wide ranging experience in industrial practice complete this comprehensive treatment of the subject matter

Fire Insurance Cases: Covering the period from 1729-1839 Edmund H.
