Sentimental State(s) Heike Paul, Sarah Pritz, 2025-08-12 The word state has a double meaning signifying both a condition and a political entity Starting from this observation the contributors to this volume provide a cross cultural and cross media discussion of the role of the sentimental in political culture In their case studies from all over the world they focus on

affective politics of order and belonging in processes and constellations of community building They analyze sentimental encodings used in symbolic interactions ranging from foundational narratives and state orchestrated public rituals to visualizations of citizenship and protest movements
