appeared then known only to specialists Spanish picaresques French heroic romances massive Chinese novels Japanese graphic novels eccentric English novels and the earliest American novels These minor novels are not only interesting in their own right but also provide the context needed to appreciate why the major novels were major breakthroughs The novel experienced an explosive growth spurt during these centuries as novelists experimented with different forms and genres epistolary novels romances Gothic thrillers novels in verse parodies science fiction episodic road trips and family sagas along with quirky unclassifiable experiments in fiction that resemble contemporary avant garde works As in his previous volume Moore privileges the innovators and outriders those who kept the novel novel In the most comprehensive history of this period ever written Moore examines over 400 novels from around the world in a lively style that is as entertaining as it is informative Though written for a general audience *The Novel An Alternative History* also provides the scholarly apparatus required by the serious student of the period This sequel like its predecessor is a zestfully encyclopedic avidly opinionated and dazzlingly fresh history of the most elastic of literary forms Booklist *Billboard* ,1945-09-01 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *East Asian Media Culture in the Age of Digital Platforms* Dal Yong Jin,Kyong Yoon,2025-09-11 Focusing on the convergence of popular culture and digital platforms in the East Asian context this book delves into the increasing role of East Asia not only as the largest cultural market but also as one of the most rapidly developing cultural industries in the global platform economy Through the analytical framework of the platformization of cultural industries this volume theoretically and empirically explores how East Asian popular culture and digital platforms have been intertwined and evolved Analyzing how East Asian media narratives industries and audiences are integrated into digital platformization the book contributes to an enhanced and timely understanding of transnational cultural flows in platform driven media landscapes of the early 21st century The comprehensive and significant analyses of the dynamic changes and persistent features of East Asian cultural convergence within the broader ebb and flow of global modernity will make this book an ideal selection for students and researchers of media studies cultural studies digital media Korean studies Chinese Studies Japanese studies East Asian studies sociology anthropology and globalization studies *Dead Funny* David Gillota,2023-07-14 Covering everything from the use of slapstick in *Final Destination* to the comedy of awkwardness in *Get Out* *Dead Funny* locates humor as a key element in the American horror film It explores how the genre uses physical comedy parody satire and camp to comment on gender sexuality and racial politics *Television for Women* Rachel Moseley,Helen Wheatley,Helen Wood,2016-11-10 *Television for Women* brings together emerging and established scholars to reconsider the question of television for women In the context of the 2000s when the potential meanings of both terms have expanded and changed so significantly in what ways might the concept of programming addressed explicitly to a group identified by gender

still matter The essays in this collection take the existing scholarship in this field in significant new directions They expand its reach in terms of territory looking beyond for example the paradigmatic Anglo American axis and also historical span Additionally whilst the influential methodological formation of production text and audience is still visible here the new research in Television for Women frequently reconfigures that relationship The topics included here are far reaching from television as material culture at the British exhibition in the first half of the twentieth century women s roles in television production past and present to popular 1960s television such as *The Liver Birds* and in the twenty first century highly successful programmes including *Orange Is the New Black* *Call the Midwife* *One Born Every Minute* and *Wanted Down Under* This book presents ground breaking research on historical and contemporary relationships between women and television around the world and is an ideal resource for students of television media and gender studies
