Driven to Succeed Rod McQueen, Susan M. Papp, 2012-10-20 Hungarian born Frank Hasenfratz fled his native land in 1956 after the revolution to free his nation from Soviet domination failed He eventually settled in Guelph Ontario where he founded Linamar now the second largest maker of auto parts in Canada This is Frank's story as well as that of the company he created

The Wages of Wins David Berri, Martin Schmidt, Stacey Brook, 2006-05-09 Arguing about sports is as old as the games people play Over the years sports debates have become muddled by many myths that do not match the numbers generated by those playing the games In *The Wages of Wins* the authors use layman's language and easy to follow examples based on their own academic research to debunk many of the most commonly held beliefs about sports In this updated version of their book these authors explain why Allen Iverson leaving Philadelphia made the 76ers a better team why the Yankees find it so hard to repeat their success from the late 1990s and why even great quarterbacks like Brett Favre are consistently inconsistent The book names names and makes it abundantly clear that much of the decision making of coaches and general managers does not hold up to an analysis of the numbers Whether you are a fantasy league fanatic or a casual weekend fan much of what you believe about sports will change after reading this book

The Moment It Clicks Joe McNally, 2008-01-23 THE FIRST BOOK WITH ONE FOOT ON THE COFFEE TABLE AND ONE FOOT IN THE CLASSROOM Joe McNally one of the world's top pro digital photographers whose celebrated work has graced the pages of Sports Illustrated Time and National Geographic to name a few breaks new ground by doing something no photography book has ever done blending the rich stunning images and elegant layout of a coffee table book with the invaluable training no nonsense insights and photography secrets usually found only in those rare best of breed educational books When Joe's not on assignment for the biggest name magazines and Fortune 500 clients he's in the classroom teaching location lighting environmental portraiture and how to get the shot at workshops around the world These on location workshops are usually reserved for a handful of photographers each year but now you can learn the same techniques that Joe shares in his seminars

and lectures in a book that brings Joe's sessions to life. What makes the book so unique is the triangle of learning where 1 Joe distills the concept down to one brief sentence. It usually starts with something like "An editor at National Geographic once told me and then he shares one of those hard-earned tricks of the trade that you only get from spending a lifetime behind the lens." Then 2 on the facing page is one of Joe's brilliant images that perfectly illustrates the technique you'll recognize many of his photos from magazine covers. And 3 you get the inside story of how that shot was taken including which equipment he used, lens, f-stop, lighting accessories etc along with the challenges that type of project brings and how to set up a shot like that of your own. This book also gives you something more. It inspires. It challenges. It informs. But perhaps most importantly it will help you understand photography and the art of making great photos at a level you never thought possible. This book is packed with those "Ah-ha" moments, those clever insights that make it all come together for you. It brings you that wonderful moment when it suddenly all makes sense, that moment it clicks.

Sports Business Unplugged Rick Burton, Norm O'Reilly, 2016-08-16. For more than seven years the incisive commentary of Burton and O'Reilly has graced the pages of SportsBusiness Journal, the industry's leading trade journal. Now fifty of their most recent columns are collected in one volume providing thoughtful and deeply knowledgeable insight into many of the industry's most contentious issues. Covering an era in sports that has experienced rapid change, the authors discuss such topics as gender equity, corporate sponsorship, collegiate athletics, diversity, and the future of sports. As two of the leading scholars in the business of sports, Burton and O'Reilly also draw upon years of experience to give both students and industry professionals a dual perspective on the role sports play in a healthy, thriving society.
