Write Here: Developing Writing Skills in a Media-Driven World

Randi Brummett de Leon, Brooke Hughes, 2020-04-30 Write Here is designed to teach students essential reading and writing skills using media examples to help explain academic concepts and provide opportunities for practice It is adaptable because it covers the basics of reading writing and the modes of writing it is appropriate to use in developmental composition classrooms However it also covers such topics as logical fallacies rhetoric timed writing academic writing source integration and MLA APA documentation making it appropriate for a first year or stretch composition course Many beginning writing students are underprepared and feel that writing just isn't for them The authors hope to dispel that myth by using media examples and a conversational tone to introduce and teach the material Write Here provides examples that are interesting to students while allowing them to connect to the subject matter on a more personal level additionally the process of analyzing the media helps students sharpen their reading writing and critical thinking skills

Gaming Democracy Adrienne L. Massanari, 2024-10-29

How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

The Politics of Social Media Manipulation Richard Rogers, Sabine Niederer, 2025-10-01

Disinformation and so called fake news are contemporary phenomena with rich histories Disinformation or the willful

introduction of false information for the purposes of causing harm recalls infamous foreign interference operations in national media systems Outcries over fake news or dubious stories with the trappings of news have coincided with the introduction of new media technologies that disrupt the publication distribution and consumption of news from the so called rumour mongering broadsheets centuries ago to the blogosphere recently Designating a news organization as fake or der L genpresse has a darker history associated with authoritarian regimes or populist bombast diminishing the reputation of elite media and the value of inconvenient truths In a series of empirical studies using digital methods and data journalism the authors inquire into the extent to which social media have enabled the penetration of foreign disinformation operations the widespread publication and spread of dubious content as well as extreme commentators with considerable followings attacking mainstream media as fake
