interaction between teachers and students not to mention the growing concerns over privacy and security Urban Australia and Post-Punk David Nichols, Sophie Perillo, 2020-02-25 Richard Lowenstein's 1986 masterpiece *Dogs in Space* was and remains controversial, divisive, compelling and inspirational. Made less than a decade after the events it is based on, using many of the people involved in those events as actors, the film explored Melbourne's postpunk counterculture of share houses, drugs and decadence. Amongst its ensemble cast was Michael Hutchence, one of the biggest music stars of the period, in his acting debut. This book is a collection of essays exploring the place, period and legacy of *Dogs in Space* by people who were there or who have been affected by this remarkable film. The writers are musicians, actors and artists, and also academics in heritage, history, urban planning, gender studies, geography, performance and music. This is an invaluable resource for anyone passionate about Australian film, society, culture, history, heritage, music and art **Mass Communication** Ralph E. Hanson, 2024-12-09 The best-selling *Mass Communication: Living in a Media World* offers an accessible introduction to mass communication, equipping students with the critical thinking skills to become savvy media consumers. Using a storytelling approach, the text weaves in examples drawn from everyday life, making it easier for students to retain the material and connect it to their own media experiences. Readers are encouraged to consider the media industry from the inside out, and in doing so, discover the many dimensions of mass communication that operate in our society. This newly revised Ninth Edition highlights the aftermath of how the media industry and media consumers have evolved since the global pandemic, closely examining the changing face of media today **Learning Technology** Donald Clark, 2023-01-03 Learning technology is now an integral part of all learning and development activity. Understanding what these technologies are, how they work, and their aims is key to successful L D practice. *Learning Technology* is written by a leading voice in the learning tech industry. It explains the history of learning tech, its aims, and how it is the fundamental technology that has driven learning culture and progress. This book covers everything from writing to printing, broadcast media, teaching technology, as well as a detailed discussion of learning management systems (LMSs), learning experience platforms (LEPs) and learning record stores (LRSs). It also highlights the importance of data and analytics and covers the latest developments in the learning technology space, including artificial intelligence, virtual reality and the metaverse. *Learning Technology* helps L D professionals assess and better understand learning platforms and teaching technologies, both past and present. It supports this by evaluating the benefits of each technology.
