Jack W. Plunkett

Netflix On Sale Open Now:

Netflix's Speculative Fictions Colin Jon Mark Crawford, 2020-12-10 Netflix's *Speculative Fictions* Financializing Platform Television argues that Netflix's scaled expansion has hinged upon its ability not only to create but more importantly to communicate new forms and flows of potential value in platform capitalism wherein capital is mobilized not only from direct revenue streams but also the new value assigned to inputs and investments of data debt attention behavior taste time sociality and speculation To interpret and critique these new communications and projections of value Colin Jon Mark Crawford performs a discursive analysis of the platform television industry leader Netflix and its investor lore the multi-sited narrative of value found in the company's investor relations materials and corporate communications such as letters to shareholders financial earnings reports executive interviews press releases and blog posts Netflix best represents the increasingly ubiquitous nexus of culture tech and finance industries that is platform television To better understand the emergent financial logics of this relatively new media industry we must first understand the speculative narratives and discourses of value which organize it Scholars of media studies television studies technology studies and economics will find this book particularly useful [Digital Transformation Management for Agile Organizations](#) Stefano Bresciani, Alberto Ferraris, Marco Romano, Gabriele Santoro, 2021-06-10 *Digital Transformation Management for Agile Organizations* highlights and explores new dynamics regarding how current digital developments globally scale by examining the threats as well as the opportunities these innovations offer to organizations of all kinds *Digital Media Economics* Brett Caraway, 2023-11-15 Written for a wide audience from undergraduate and graduate students to citizens and activists this book will teach you about how economics has influenced the digital technologies that we use every day Most media textbooks won't tell you much about economic terms concepts or principles this book will explain to you the economic theory and history underpinning everything from advertising to computers social networking sites and streaming services With examples ranging from Elon Musk's takeover of Twitter to Amazon and the world of online shopping Caraway offers a personal perspective about today's media technologies that will enrich your understanding of their technical cultural and social significance Providing a comprehensive introduction to the basics of economics and putting theory into practice Caraway offers an expansive approach to media economics in action The book includes chapters on early economic thought and political economy a two-part overview of the foundations of economics a wide range of examples covering topics such as advertising user-generated content and smartphones The detail and depth of this book with its up-to-date case studies and broad approach makes it the essential introduction to economics for media students **Marketing** Gary M.
