This book answers the questions students are most likely to have, including what courses they should take, what areas are available to them, what salary can they expect to earn after graduation, and how they can get the job of their dreams. In the highly competitive field of sports management, it is important for individuals to prepare themselves well and to make the right decisions along the way. Although there are no guarantees of success, this book will increase students' likelihood of finding success in the sports industry. From 1921 to 1939, Joe F. Carr guided the sport of professional football with intelligence, hard work, and a passion that built the foundation of what the NFL has become: the number one sports organization in the world. During his eighteen-year tenure as NFL President, Carr created the organization's first Constitution, implemented the standard player's contract, wrote the NFL's first ever Record and Fact Book, helped split the NFL into two divisions, and established the NFL's World Championship Game. Carr started keeping league statistics and developed the NFL Draft. But Carr's greatest achievement was creating a vision for the NFL as a big city sport. By skillfully recruiting financially capable owners to operate NFL franchises in big market cities, he created the solid foundation for the league's successful future. While the sport has grown to unheard-of heights, Carr's name and accomplishments have been lost and forgotten. *The Man Who Built the National Football League* Joe F.
