Communication Technology Update and Fundamentals August E. Grant,Jennifer H. Meadows,2016-11-03 Communication Technology Update and Fundamentals has set the standard as the single best resource for students and professionals looking to brush up on how communication technologies have developed grown and converged as well as what s in store for the future The 15th edition is completely updated reflecting the changes that have swept the communication industries The first five chapters offer the communication technology fundamentals including the ecosystem the history and structure then delves into each of about two dozen technologies including mass media computers consumer electronics and networking technologies Each chapter is written by experts who provide snapshots of the state of each individual field Together these updates provide a broad overview of these industries as well as the role communication technologies play in our everyday lives In addition to substantial updates to each chapter the 15th edition includes First ever chapters on Big Data and the Internet of Things Updated user data in every chapter Projections of what each technology will become by 2031 Suggestions on how to get a job working with the technologies discussed The companion website www.tfi.com.ctu offers updated information on the technologies covered in this text as well as links to other resources

The Last Arrow Erwin Raphael McManus,2017-09-05 Before You Die Live the Life You Were Born To Live When you come to the end of your days you will not measure your life based on success and failures All of those will eventually blur together into a single memory called life What will give you solace is a life with nothing left undone One that s been lived with relentless ambition a heart on fire and with no regrets On the other hand what will haunt you until your final breath is who you could have been but never became and what you could have done but never did The Last Arrow is your roadmap to a life that defies odds and alters destinies Discover the attributes of those who break the gravitational pull of mediocrity as cultural pioneer and thought leader Erwin McManus examines the characteristics of individuals who risked everything for a life they could only imagine Imagine living the life you were convinced was only a dream We all begin this life with a quiver full of arrows Now the choice is yours Will you cling to your arrows or risk them all opting to live until you have nothing left to give Time is short Pick up The Last Arrow and begin the greatest quest of your life
