Goodreads Choice Price:

Artificial Intelligence in Marketing K. Sudhir, Olivier Toubia, 2023-03-13 Review of Marketing Research pushes the boundaries of marketing broadening the marketing concept to make the world a better place Here leading scholars explore how marketing is currently shaping and being shaped by the evolution of Artificial Intelligence AI **Global Public Goods Communication** Sónia Pedro Sebastião, Anne-Marie Cotton, 2025-06-06 This book examines the critical role of communication in advancing knowledge and participation in the governance of global public goods GPG Central to any theory of GPG is the role of information as raising awareness requires creating credible messages and narratives The book highlights the importance of agency understanding actors their interconnections and how they negotiate and govern GPG The book argues for a nuanced understanding of democracy suggesting a broader interpretation that prioritizes public deliberation and reflection Key premises include the necessity of institutional legitimacy active citizen participation structured partnerships and transparent communication channels for sustainable development The book underscores that communication is fundamental to change processes sustainable citizenship and the realization of human rights including the right to information and freedom of expression By doing so it advocates for an eighteenth Sustainable Development Goal responsible communication The book will appeal to students scholars and researchers of international relations communication and public policy as well as to policy makers and professionals at international organizations think tanks and NGOs seeking theoretical foundations for communication strategies and stakeholder engagement practices *The Cultural Sociology of Reading* María Angélica Thumala Olave, 2022-12-12 This book showcases recent work about reading and books in sociology and the humanities across the globe From different standpoints and within the broad perspectives within the cultural sociology of reading the eighteen chapters examine a range of reading practices genres types of texts and reading spaces They cover the Anglophone area of the United States the United Kingdom and Australia the transnational multilingual space constituted by the readership of the Colombian novel *One Hundred Years of Solitude* nineteenth century Chile twentieth century Czech Republic twentieth century Swahili readings in East Africa contemporary Iran and China during the cultural revolution and the post Mao period The chapters contribute to current debates about the valuation of literature and the role of cultural intermediaries the iconic properties of textual objects and of the practice of reading itself how reading supports personal social and political reflection bookstores as spaces for sociability and the interplay of high and commercial cultures the political uses of reading for nation building and propaganda and the dangers and gratifications of reading under repression In line with the cultural sociology of reading s focus on meaning materiality and emotion this book explores the existential ethical and political consequences of reading in specific locations and historical moments On Trails Robert Moor, 2016-07-12 New York Times Bestseller Winner of the National Outdoor Book Award Winner of the Saroyan International Prize for Writing Winner of the Pacific Northwest Book Award The best outdoors book of the year Sierra Club

From a talent who's been compared to Annie Dillard, Edward Abbey, David Quammen, and Jared Diamond, *On Trails* is a wondrous exploration of how trails help us understand the world from invisible ant trails to hiking paths that span continents from interstate highways to the Internet. While thru hiking the Appalachian Trail, Robert Moor began to wonder about the paths that lie beneath our feet. How do they form? Why do some improve over time while others fade? What makes us follow or strike off on our own? Over the course of seven years, Moor traveled the globe exploring trails of all kinds from the miniscule to the massive. He learned the tricks of master trail builders, hunted down long lost Cherokee trails, and traced the origins of our road networks and the Internet. In each chapter, Moor interweaves his adventures with findings from science, history, philosophy, and nature writing. Throughout, Moor reveals how this single topic, the oft overlooked trail, sheds new light on a wealth of age-old questions: How does order emerge out of chaos? How did animals first crawl forth from the seas and spread across continents? How has humanity's relationship with nature and technology shaped world around us? And ultimately, how does each of us pick a path through life? Moor has the essayist's gift for making new connections, the adventurer's love for paths untaken, and the philosopher's knack for asking big questions. With a breathtaking arc that spans from the dawn of animal life to the digital era, *On Trails* is a book that makes us see our world, our history, our species, and our ways of life anew.

Violence in Popular Culture Laura L. Finley, 2018-11-09 A comprehensive resource, this book reviews current and historical examples of violence in film, television, radio, music, music videos, video games, and novels. Despite decades of attention and various attempts to enact legislation that limits violence in American popular culture, it remains ubiquitous across films, television, radio, music, music videos, video games, and popular fiction. Studies have shown that programs marketed to children are often remarkably violent, and that viewing or otherwise consuming such violence has numerous negative effects on children's psychological health. This book sheds light on the scholarship related to violence in popular culture and compares historical and current examples, analyzing popular shows such as *Game of Thrones*, video games such as *Mortal Kombat*, young adult fiction including the trilogy *The Hunger Games*, and more. Not only does *Violence in American Popular Culture* provide a comprehensive review of the research about the effects of violence in media, but it also offers detailed assessments of violent content in various expressions of popular culture. In addition, it invites readers to compare violence in American popular culture with that globally via entries on violence in popular culture outside the United States. An appendix of additional resources and primary sources gives readers further tools for deepening their understanding of this complex and controversial issue.

Pricing and Human Capital Stephan Liozu, 2015-07-03 The pricing profession has come a long way from having a pure clerical function back in the 1970s to a more strategic one today. Pricing professionals are increasingly accepted as fully fledged members of marketing and finance teams. However, in many of these organizations, pricing professionals are often misunderstood and neglected from a career and talent perspective. Furthermore, the literature is still silent on how to manage and develop pricing teams. *Pricing and Human Capital* explores the specific nature of pricing

human resources and focuses on how to manage pricing teams pricing talent pricing careers and how to organize the pricing function for success It is dedicated to the pricing function and is aimed at helping pricing professionals manage their career within marketing finance sales or IT departments By focusing on specific practical tips tools and recommendations that pricing and HR teams can adopt to improve their relationships and including extensive interviews with senior pricing executives it is the perfect toolkit for both HR and pricing professionals This valuable textbook with its collection of cases in pricing will also be essential for students and tutors of marketing and sales Choice & Voice Stephanie Fleck,Jolene Heinemann,2020-08-15 What we allow our students to read tells them which stories we value and which we don t Give students the power to develop reading lives that will endure beyond school walls Collaborative Reader Workshop allows for student choice in reading writing and speaking provides an authentic audience for student work strengthens academic ELA skills builds a wider school community of readers and fosters lifelong reading habits Fleck and Heinemann offer teachers a clear model to establish this interactive reader workshop model in their classrooms as well as tools to get them started Readers will have a reinvigorated excitement about independent reading and justification for its relevance in the classroom

Value-creation in Middle Market Private Equity John A. Lanier,2016-02-17 Value creation in Middle Market Private Equity by John A Lanier holistically examines the ecosystem relationships between middle market private equity firms and their portfolio companies Small business is the job creating engine in the US economy and consequently is a prime target market for private equity investment Indeed private equity backs over six of each 100 private sector jobs Both the small businesses in which private equity firms invest and the private equity firms making the investments face inter and intra company fiduciary leadership challenges while implementing formulated strategy The architecture of each private equity firm portfolio company relationship must be uniquely crafted to capitalize on the projected return on investment that is memorialized in the investment thesis Given the leveraged capital structure of portfolio companies the cost of a misstep is problematic Individual private equity professionals are typically members of multiple investment teams for the firm Not only may each investment team have its own unique leadership style but its diverse members have to assimilate styles for each team in which they participate relative to a specific portfolio company Acquisitions and their subsequent integrations add exponential complexity for both private equity investment and portfolio company leadership teams indeed cultural integration ranks among the most chronic acquisition obstacles Accordingly the stakeholders of private equity transactions do well to embrace leadership best practices in applying value creation toolbox best practices The perspectives of both the private equity investment team and the portfolio company leadership team are within the scope of these chapters #1 Best Seller Bryan W. Heathman,2018-06-01 The rules of book marketing are changing and the traditional rules of book marketing no longer apply A new era of marketing books is upon us an approach in which authors are authenticity engaging their audiences But how do you start Today s mega success authors are no longer writers but they are entrepreneurs who

expertly work a strategy which leverages the power of social media search engine optimization SEO advertising speaking bookstore signings and a combination of other program that are incredibly rewarding to the author Every author wants a roadmap or a step by step guide for a successful book launch To book marketing professionals in large publishing houses this is the Holy Grail so they can repeat the success of their last book launch campaign With this system you will no longer have the guesswork associated with which marketing programs to run for a successfully launch of your book Bryan Heathman has managed hundreds of book marketing campaigns and scientifically created a repeatable 15 week system to promote non fiction books Bryan s approach to book marketing in this book was inspired by running massively successful campaigns which have resulted in New York Times best sellers Wall Street Journal best sellers Amazon 1 best sellers This book isn t like most marketing books which list a hundred things to do when marketing a book This approach is distilled into a manageable system of a 15 week burst of activity which when completed in a scheduled time frame are proven to produce the results you desire for a successful book launch Trust the system and eliminate the guesswork as you work towards your 1 best selling book

Social eCommerce Stephan Spencer,Jimmy Harding,Jennifer Sheahan,2014-08-01 Want to make money online Then ignore social media at your own risk Social media is vital if you want to your business to thrive and though you can t control the conversations you can influence them This book will teach you how If mismanaged social media can create more noise than signal It can be a time and energy suck for you and your audience Or worse still it can become an echo chamber for negative PR If done well guerrilla social media marketing can help you persuade command attention establish dialogue differentiate yourself capture new markets and outmaneuver the competition all on a shoestring budget Whether you re selling digital goods and services physical goods or local services this book has the answers Strategize and optimize your social presence in ways you didn t know were possible Drive more clicks and sales with better performing Facebook ads Develop remarkable content with viral potential Manage your online reputation instead of letting it manage you Integrate social media into your SEO strategy and vice versa Leverage online influencers to promote your brand and become an influencer yourself
