Encyclopedia of Sports Management and Marketing Linda E. Swayne, Mark Dodds, 2011-08-08 This four volume set introduces on the management side principles and procedures of economics budgeting and finance leadership governance communication business law and ethics and human resources practices all in the sports context On the marketing side this reference resource explores two broad streams marketing of sport and of sport related products promoting a particular team or selling team and sport related merchandise for example and using sports as a platform for marketing non sports products such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament Together these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today providing an invaluable print or online resource for student researchers [Good To The Last Out](#) Theo Tate, 2014-06-13

Chronicles the 96 players who made the last out of the World Series from Joe Tinker to Joe Rudi and the hitters from Willie McCovey to Willie McGee [Catalog of Copyright Entries](#) Library of Congress. Copyright Office, 1951 [Rebooting AI](#) Gary Marcus, Ernest Davis, 2019-09-10 Two leaders in the field offer a compelling analysis of the current state of the art and reveal the steps we must take to achieve a robust artificial intelligence that can make our lives better Finally a book that tells us what AI is what AI is not and what AI could become if only we are ambitious and creative enough Garry Kasparov former world chess champion and author of Deep Thinking Despite the hype surrounding AI creating an intelligence that rivals or exceeds human levels is far more complicated than we have been led to believe Professors Gary Marcus and Ernest Davis have spent their careers at the forefront of AI research and have witnessed some of the greatest milestones in the field but they argue that a computer beating a human in Jeopardy does not signal that we are on the doorstep of fully autonomous cars or superintelligent machines The achievements in the field thus far have occurred in closed systems with fixed sets of rules and these approaches are too narrow to achieve genuine intelligence The real world in contrast is wildly complex and open ended How can we bridge this gap What will the consequences be when we do Taking inspiration from the human mind Marcus and Davis explain what we need to advance AI to the next level and suggest that if we are wise along the way we won't need to worry about a future of machine overlords If we focus on endowing machines with common sense and deep understanding rather than simply focusing on statistical analysis and gathering ever larger collections of data we will be able to create an AI we can trust in our homes our cars and our doctors offices Rebooting AI provides a lucid clear eyed assessment of the current science and offers an inspiring vision of how a new generation of AI can make our lives better

Gibson's Last Stand Doug Feldmann, 2013-07-12 During star pitcher Bob Gibson's most brilliant season the turbulent summer of 1968 he started thirty four games and pitched every inning in twenty eight of them shutting out the opponents in almost half of those complete games After their record breaking season Gibson and his teammates were stunned to lose the 1968 World Series to the Detroit Tigers For the next six years as Bob Gibson struggled to maintain his pitching excellence at the end of his career changes in American culture ultimately changed the St Louis Cardinals and the business and pastime of baseball itself Set against the backdrop of American history and popular culture from the protests of the Vietnam War to the breakup of the Beatles the story of the Cardinals takes on new meaning as another aspect of the changes happening at that time In the late 1960s exorbitant salaries and free agency was threatening to change America's game forever and negatively impact the smaller market teams in Major League Baseball As the Cardinals owner August A Busch Jr and manager Albert Pujols attempted to reinvent the team restore its cohesiveness and bring new blood in to propel the team back to contention for the pennant Gibson remained the one constant on the team In looking back on his career Gibson mourned the end of the Golden Era of baseball and believed that the changes in the game would be partially blamed on him as his pitching success caused team owners to believe that cash paying customers only wanted base hits and home runs Yet he contended the shrinking of the strike zone the lowering of the mound and the softening of the traditional rancor between the hitter and pitcher forever changed the role of the pitcher in the game and created a more politically correct version of the sport Throughout Gibson's Last Stand Doug Feldmann captivates readers with the action of the game both on and off the field and interjects interesting and detailed tidbits on players backgrounds that often tie them to famous players of the past current stars and well known contemporary places Feldmann also entwines the team's history with Missouri history President Truman and the funeral procession for President Eisenhower through St Louis Missouri sports legends Dizzy Dean Mark McGwire and Stan the Man Musial and legendary announcers Harry Caray and Jack Buck Additionally a helpful appendix provides National League East standings from 1969 to 1975 Bob Gibson remains one of the most unique complex and beloved players in Cardinals history In this story of one of the least examined parts of his career his final years on the team Feldmann takes readers into the heart of his complexity and the changes that swirled around him
