Language Aggression in Public Debates on Immigration Andreas Musolff,2019-04-24 The global rise in the number size and complexity of migration flows has not only resulted in an unprecedented flurry of debates and negotiations about how to deal with it through economic social and military policies but also in a huge increase in racist and xenophobic language use and discriminatory discourse The expression of aggression and hatred in anti immigration debates and its relationship to racism and its pseudo justification lie at the center of this volume Its seven main contributions provide exemplary analyses of European and US debates that instrumentalize anti immigrant attitudes on the one hand among far right populists in Cyprus in Serbian and Croatian nationalism and in the Hungarian government s attempts at legitimizing immigration exclusion and on the other hand in discourses associated with US president Trump and his followers including racists tactical denial of racism Methodologically all studies pursue corpus based Critical Discourse Analysis with foci on lexical figurative argumentative and discourse historical patterns Together they show the convergence of populist polemic strategies Originally published as special issue of the Journal of Language Aggression and Conflict issue 5 2 2017 **Niles' Weekly Register** ,1827 **Graduate Medical Education in Family Medicine** Rick Kellerman,Gretchen Irwin,2025-03-29 This book outlines the basic structure and processes of family medicine residency education programs Family medicine residency programs are complex adaptive learning organizations that involve people processes procedures buildings budgets high stakes mistakes mission statements strategies schedules curricula faculty and residents Residency program faculty are faced with many challenges and this book gives them and others who are interested or involved in residency programs a clear and comprehensive breakdown of family medicine graduate medical education The volume opens with detailed overviews of several family medicine organizations that support residency programs and faculty Subsequent chapters cover a range of topics including best practices in resident assessment and evaluation and best practices pertinent to the development of teaching and administrative skills for faculty Furthermore chapters explain necessary residency education accreditation requirements which includes the understanding of the accreditation requirements board certification requirements Medicare graduate medical education funding policies and Centers for Medicare and Medicaid Services CMMS billing regulations All authors have been family medicine residency program directors or faculty or have been intimately involved in residency program education Graduate Medical Education in Family Medicine offers residency program directors faculty and residency administrators a wide ranging and comprehensive overview of family medicine residency education as well as specific administrative and educational best practices for residency education This book will also be useful to those physicians with experience in their clinical field but not in educational pedagogy and andragogy **1999** Ross Benes,2025-04-22 The year 1999 was a high water mark for popular culture According to one measure it was the best movie

year ever But as journalist Ross Benes shows the end of the 90s was also a banner year for low culture This was the heyday of Jerry Springer Jenna Jameson and Vince McMahon among many others Low culture had come into its own and was poised for world domination The reverberations of this takeover continue to shape American society During its New Year's Eve countdown MTV entered 1999 with Limp Bizkit covering Prince's famous anthem to the new year The highlights of the lowlights continued when WCW and WWE drew 35 million American viewers each week with sex appeal and stories about insurrections Insane Clown Posse emerged from the underground with a Woodstock set and platinum records about magic and murder Later that year Dance Dance Revolution debuted in North America and Grand Theft Auto emerged as a major video game franchise Beanie Babies and Pok mon so thoroughly seized the wallets and imagination of collectors that they created speculative investment bubbles that anticipated the faddish obsession over nonfungible tokens NFTs The trashy talk show Jerry Springer became daytime TV's most watched program and grew so mainstream that Austin Powers Sabrina the Teenage Witch The Wayans Bros The Simpsons and The X Files incorporated Springer into their own plots during the late 90s Donald Trump even explored a potential presidential nomination with the Reform Party in 1999 and wanted his running mate to be Oprah Winfrey whose own talk show would make Dr Oz a household name Among Springer's many guests were porn stars who at the end of the millennium were pursuing sex records in a bid for stardom as the pornography industry exploded aided by sex scandals new technology and the drug Viagra which marked its first full year on the US market in 1999 Benes shows us how so many of the strangest features of culture in 1999 predicted and influenced American life today This wild ride through pop culture uncovers the connections between the kayfabe of WWE and the theatrics of politics between the faddish obsession with Beanie Babies and with NFTs between faithful fans and political loyalists between violent video games and society's scapegoats and much more 1999 is not just a nostalgic look at the past It is also a window into our contentious present

The Aesthetics of Self-Harm Zoe Alderton, 2018-05-11 The Aesthetics of Self Harm presents a new approach to understanding parasuicidal behaviour based upon an examination of online communities that promote performances of self harm in the pursuit of an idealised beauty The book considers how online communities provide a significant level of support for self harmers and focuses on relevant case studies to establish a new model for the comprehension of the online supportive community To do so Alderton explores discussions of self harm and disordered eating on social networks She examines aesthetic trends that contextualise harmful behavior and help people to perform feelings of sadness and vulnerability online Alderton argues that the traditional understanding of self violence through medical discourse is important but that it misses vital elements of human group activity and the motivating forces of visual imagery Covering psychiatry and psychology rhetoric and sociology this book provides essential reading for psychologists sociologists and anthropologists exploring group dynamics and ritual and rhetoricians who are concerned with the communicative powers of images It should also be of great interest to medical professionals dealing with self harming patients
