Fun at the Telephone Company Chuck Bozue,2012-01-03 During my lifetime I noted that people particularly men love to tell stories about their life experiences If you know a fireman or policeman well enough you know that they can entertain for hours by relating their on the job experiences Even mundane occupations are settings for good stories Having worked at a telephone company for thirty two years I had my share of experiences I share them with my friends and family Sooner or later someone suggested writing a book Not a classic but rather one of those bathroom novels loaded with short stories That s what you will find here However bizarre they are all true Of course the names were changed to protect my buddies and me who did and said some incredibly stupid and sometimes dangerous things In some cases the company policies and procedures I write about may not be depicted as they actually were I ve attempted to depict them as the field foremen technicians and I perceived them You will have many laughs and more than a few I ve been there moments along the way The telephone company wasn t my whole life so I threw in a few personal and family stories along the way Hopefully between work and home these stories will give you background on the real telephone company and also a seemingly directionless individual who was successful because of both
