Dietary Approaches to Stop Hypertension was developed to lower blood pressure without medication. Since then, numerous studies have shown that the DASH diet reduces the risk of many diseases, including some kinds of cancer, stroke, heart disease, heart failure, kidney stones, and diabetes. It has been proven to be an effective way to lose weight and become healthier at the same time. Beginning with an easy-to-read, non-scientific explanation of DASH and its benefits, *DASH for Weight Loss* is a comprehensive plan that includes menus, recipes, exercise prescriptions, weight loss tools, and all the need-to-know information for setting up a DASH kitchen and getting started right away. The book will teach followers how they can adapt DASH to gluten-free, vegan, vegetarian, and dairy-free eating styles and will include resources like substitution lists, a grain cooking guide, and basic vegetable cooking charts.

The Bulletproof Diet Dave Asprey, 2014-12-02 In his midtwenties, Dave Asprey was a successful Silicon Valley multimillionaire. He also weighed 300 pounds despite the fact that he was doing what doctors recommended: eating 1,800 calories a day and working out 90 minutes a day, six times a week. When his excess fat started causing brain fog and food cravings sapped his energy and willpower, Asprey turned to the same hacking techniques that made his fortune: to hack his own biology, investing more than 300,000 and 15 years to uncover what was hindering his energy, performance, appearance, and happiness. From private brain EEG facilities to remote monasteries in Tibet, through radioactive brain scans, blood chemistry work, nervous system testing, and more, he explored traditional and alternative technologies to reach his physical and mental prime. The result: *The Bulletproof Diet*, an anti-inflammatory program for hunger-free, rapid weight loss and peak performance. *The Bulletproof Diet* will challenge and change the way you think about weight loss and wellness. You will skip breakfast, stop counting calories, eat high levels of healthy saturated fat, work out, and sleep less, and add smart supplements. In doing so, you'll gain energy, build lean muscle, and watch the pounds melt off. By ditching traditional diet thinking, Asprey went from being overweight and sick in his twenties to maintaining a 100-pound weight loss, increasing his IQ, and feeling better than ever in his forties. *The Bulletproof Diet* is your blueprint to a better life. **Best Life**, 2008-03 *Best Life* magazine empowers men to continually improve their physical, emotional, and financial well-being to better enjoy the most rewarding years of their life.

60-SECOND SWEAT PATRICK STRIET, 2016-12-27 The 60 Second Sweat combines hot fitness trends: High Intensity Interval Training (HIIT) and Metabolic Resistance Training (MRT) into a single, efficient and effective training program, with each exercise requiring no more than 1 minute at a time. There are literally thousands of fitness programs out there to choose from. What makes the 60 Second Sweat different? For the past 15 years, Patrick Striet has run a fitness training facility in Cincinnati, Ohio, where he has worked with hundreds of every-day men and women, working moms, college students, senior citizens, middle-aged men, and more, plus a few elite athletes. Through this experience, he has identified the barriers most people face when it comes to exercising consistently: lack of time, lack of results, injuries, boredom, and specifically designed the 60 Second Sweat to address them. The 60 Second Sweat is efficient. Most mainstream fitness programs call for a 5 to 6 day per week commitment with workouts ranging up to an hour or more.

in duration What's more most programs focus on one component of fitness in each workout For example you might do cardiovascular exercises for 45 minutes on Monday Wednesday and Friday and then strength train for an hour on Tuesday Thursday and Saturday Who has time for that Not me and probably not you either With the 60 Second Sweat you'll work out between 20 to 40 minutes a day for 3 to 4 days a week and you will never be performing the same exercise or activity for more than 1 minute at a time Effective HIIT high intensity interval training in which you alternate between bouts of intense exercise and short rest periods has been a growing fitness trend for several years now and for good reason Research has shown that it's more effective than traditional steady state workouts for both building cardiovascular fitness and shedding fat However it neglects muscular fitness which is key for boosting metabolism So the 60 Second Sweat combines HIIT with MRT metabolic resistance training to build strength along with cardiovascular fitness in one comprehensive workout Safe Keeping in mind the typical orthopedic issues most real world adult face cranky knees aching backs stiff shoulders and sore necks the 60 Second Sweat gives equal weight to every muscle group and not just the showy mirror muscles emphasized by many fitness programs Exercises progress gradually in difficulty and intensity so that you start seeing results right away building from a beginner level to advanced in just 9 weeks Varied The 60 Second Sweat is a balanced and functional movement based plan requiring basic and fundamental human movement patterns performed with bare bones equipment During the 60 Second Sweat workouts you will never be performing the same exercise or activity for more than 1 minute so you will never get bored Every exercise set rep every minute will count for and towards something developing the best and fittest you Bottom line the days of inefficient archaic time consuming unsafe and impractical fitness workouts are over Based on the most up to date principles in modern exercise science the 60 Second Sweat is a program not just a workout It is not a short term fix but rather a roadmap to the fittest most confident you While the 60 Second Sweat workouts will certainly challenge you and leave you dripping in sweat that's not the end goal The purpose of the programs in this book is for you to attain phenomenal and sustainable fitness safely and realistically 1 minute at a time
