Publishing is one of the oldest and most influential businesses in the world. It remains an essential creative and knowledge industry worth over 140 billion a year which continues to shape our education and culture. Two trends make this a particularly exciting time. The first is the revolution in communications technology that has transformed what it means to publish far from resting on their laurels and retreating into tradition publishers are doing as they always have staying on the cutting edge. The second is the growing body of academic work that studies publishing in its many forms. Both mean that there has never been a more important time to examine this essential practice and the current state of knowledge. The Oxford Handbook of Publishing marks the coming of age of the scholarship in publishing studies with a comprehensive exploration of current research featuring contributions from both industry professionals and internationally renowned scholars on subjects such as copyright corporate social responsibility globalizing markets and changing technology. Can be read as a standalone. *The Return of King Arthur* Beverly Taylor, Elisabeth Brewer, 1983 The revival of interest in Arthurian legend in the 19th century was a remarkable phenomenon apparently at odds with the spirit of the age. Tennyson was widely criticised for his choice of a medieval topic yet *The Idylls of the King* were accepted as the national epic and a flood of lesser works was inspired by them on both sides of the Atlantic. Elisabeth Brewer and Beverly Taylor survey the course of Arthurian literature from 1800 to the present day and give an account of all the major English and American contributions. Some of the works are well known but there are also a host of names which will be new to most readers and some surprises such as J Comyns Carr's *King Arthur* rightly ignored as a text but a piece of theatrical history for Sir Henry Irving played King Arthur Ellen Terry was Guinevere Arthur Sullivan

wrote the music and Burne Jones designed the sets The Arthurian works of the Pre Raphaelites are discussed at length as are the poems of Edward Arlington Robinson John Masefield and Charles Williams Other writers have used the legends as part of a wider cultural consciousness The Waste Land David Jones's In Parenthesis and The Anathemata and the echoes of Tristan and Iseult in Finnigan's Wake are discussed in this context Novels on Arthurian themes are given their due place from the satirical scenes of Thomas Love Peacock's The Misfortunes of Elphin and Mark Twain's A Connecticut Yankee at King Arthur's Court to T H White's serio comic The Once and Future King and the many recent novelists who have turned away from the chivalric Arthur to depict him as a Dark Age ruler The Return of King Arthur includes a bibliography of British and American creative writing relating to the Arthurian legends from 1800 to the present day

The Subversion of Romance in the Novels of Barbara Pym Ellen M. Tsagaris, 1998 Points out how British novelist Pym 1913-80 parodied the conventions of romance novels by deflating characters hyperbole and exaggeration or emphasizing meticulously the mundane elements of everyday life Shows how she used food clothes heroin and hero characterizations and marriage customs to portray her characters and perhaps her own skepticism about the whole business Paper edition 764 0 18 95 Annotation copyrighted by Book News Inc Portland OR
