Financial Disclosure Reports of Members of the U.S. House of Representatives for the Period Between January 1, 2009 and December 31, 2009 United States. Congress House, 2010 **U.S.-Japan Relations in a Changing World** Steven Vogel, 2004-05-13 September 2001 marked the fiftieth anniversary of the signing of the San Francisco Treaty formally ending the Second World War In signing this treaty Japan fundamentally transformed its position on the world stage It established itself in the vanguard of the burgeoning cold war bulwark against the Soviet Union and its communist satellites

and wed itself to the United States through economic political and security ties that persist today The half century since the establishment of the San Francisco system has seen highs and lows in the relations between the two countries continuing even into the current war on terrorism This new book evaluates the changing relationship between the two great powers providing in depth analysis on a variety of topics It scrutinizes the historical context providing the reader with predictive tools for understanding events as they unfold Instead of looking at the U S Japan relationship one issue at a time this book examines specific trends and then analyzes how these trends affect the relationship as a whole This innovative approach allows the reader to view several perspectives simultaneously and it compels the contributors to assemble clear causal arguments that detail what each factor can and cannot explain The result is a cogent and convincing appraisal of the status and future of U S Japan relations after fifty years of peaceful coexistence *Energy Abstracts for Policy Analysis* ,1986
