International Entrepreneurship Robert D. Hisrich, 2015-07-06 Combining comprehensive coverage with a wide variety of real life cases International Entrepreneurship Starting Developing and Managing a Global Venture gives entrepreneurs the tools they need to successfully launch international ventures in today's hypercompetitive world Bestselling author Dr Robert D Hisrich helps students and entrepreneurs develop global business plans select international opportunities and determine the best entry strategy The text also covers practical considerations such as legal concerns the global monetary systems global marketing and global human resource management for entrepreneurs The Third Edition provides increased attention to culture and reflects recent changes in our increasingly globalized world Readers will also be exposed to new cases featuring international activities of entrepreneurs and ventures throughout the world **Digital Pricing** Frank

Frohmann, 2023-03-03 This is one of the first books to combine the current megatrend of digitalization and pricing as the most effective lever for increasing and sustaining profits The book presents the basics of digital pricing as well as modeling methods and implementation examples This structure helps in tackling the latest developments and challenges due to digitalization Readers will gain a detailed insight into using innovative revenue and price models to generate a sustainable competitive advantage for their companies The author uses his cross industry experience to draw on several examples of innovative digital pricing approaches which can be applied in industrial sectors such as automotive industrial goods and machinery as well as service sectors like telecommunications transportation and tourism **Business Model Pioneers**

Kai-Ingo Voigt, Oana Buliga, Kathrin Michl, 2016-07-28 Business model innovations are conceived and implemented by a special type of entrepreneur business model pioneers This book presents 14 compelling case studies of business model pioneers and their companies who have successfully introduced new business ideas to the market The examples range from industries such as retail media and entertainment to services and industrial projects For each example the book provides information on the market environment at the time of launch and illustrates the driving forces behind these business models Moreover current market developments are highlighted and linked to the evolution of the business models Lastly the authors present the profile of a typical business model pioneer **Billboard** , 2011-04-02 In its 114th year Billboard remains the

world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Pricing Strategies* Robert M. Schindler, 2023-02-04 Written by a leading pricing researcher this book provides a simple unified system for the setting and management of prices The pricing procedures described are grounded in basic research and are generally applicable over products situations and times The result is that students gain a deeper more generally useful understanding of this essential aspect of business The author demystifies the math necessary for making pricing decisions Using clear direct language he explains in detail how to apply expected value

multiple regression price elasticity and generalized breakeven analysis to essential pricing tasks He uses a descriptive approach to explaining mathematical techniques so that formulas can be seen as simply more detailed specifications of intuitive ideas Used in dozens of college and MBA classes all over the world Pricing Strategies is now available in a second edition This revised edition includes updated examples and exercises as well as expanded coverage of topics such as freemium and in app pricing subscriptions tipping pay what you want pricing pricing algorithms and dynamic pricing Robert M Schindler is a Professor of Marketing at Rutgers University USA Information Systems and Technologies Alvaro Rocha,Hojjat Adeli,Gintautas Dzemyda,Fernando Moreira,2022-05-16 This book covers the following main topics A information and knowledge management B organizational models and information systems C software and systems modeling D software systems architectures applications and tools E multimedia systems and applications F computer networks mobility and pervasive systems G intelligent and decision support systems H big data analytics and applications I human computer interaction J ethics computers and security K health informatics L information technologies in education M information technologies in radio communications N technologies for biomedical applications This book is composed by a selection of articles from The 2022 World Conference on Information Systems and Technologies WorldCIST 22 held between April 12 and 14 in Budva Montenegro WorldCIST is a global forum for researchers and practitioners to present and discuss recent results and innovations current trends professional experiences and challenges of modern information systems and technologies research together with their technological development and applications *Corporate Finance and the Securities Laws* Johnson Jr Charles J,Joseph McLaughlin,Anna T. Pinedo,2023-12-08 This Seventh Edition of Corporate Finance and the Securities Laws is about doing deals transactions in which companies raise funds in the U S and international capital markets We have tried to retain the book s practical orientation which we believe was responsible for the previous editions considerable success We do not intend this book as a complete treatise on the U S federal securities laws nor do we intend it as an investor s or issuer s guide to the capital markets Rather we are trying to explain the legal environment in which capital markets transactions take place just as we are trying to explain the capital markets transactions to which that environment is always trying to adapt Highlights of the Seventh Edition include SEC administrative proceedings and SCOTUS decision in Axon Enterprise Inc v FTC and SCOTUS agreement to hear Jarkey v SEC Change in SEC personnel s standard disclaimer when making public statements Second Circuit decision in Kirschner holding bank loans not to be securities after SEC s declining to state its views SEC commissioner s speech raising prospect that bank loans might eventually be treated as securities Digital assets SEC enforcement proceedings alleging digital assets to be securities for purposes of 1933 Act registration and 1934 Act broker dealer and securities exchange registration SEC partial defeat in Ripple litigation in SDNY followed by favorable decision in Terraform less than three weeks later SEC use of Section 17 b of 1933 Act to pursue celebrity endorsers of digital assets prospects for federal legislation Proposed legislation
