Personal Finance Vickie L. Bajtelsmit, 2024-04-02 Personal Finance 3rd Edition offers essential skills and knowledge that will set students on the road to lifelong financial wellness. By focusing on real world decision making, Bajtelsmit's Personal Finance engages a diverse student population by helping them make personal connections that can immediately impact their current financial situations. Using a conversational writing style, relatable examples, and up to date coverage on important topics such as student debt, housing, fintech, and AI, students gain the knowledge they need to avoid early financial mistakes. By the end of the course, students have identified their goals and developed the problem solving skills they need to build on as they progress to the next stages of life.

The Future of Finance Henri Arslanian, Fabrice Fischer, 2019-07-15 This book, written jointly by an engineer and artificial intelligence expert along with a lawyer and banker, is a glimpse on what the future of the financial services will look like and the impact it will have on society. The first half of the book provides a detailed yet easy to understand educational and technical overview of FinTech, artificial intelligence, and cryptocurrencies, including the existing industry pain points and the new technological enablers. The second half provides a practical, concise, and engaging overview of their latest trends and their impact on the future of the financial services industry, including numerous use cases and practical examples. The book is a must read for any professional currently working in finance, any student studying the topic, or anyone curious on how the future of finance will look like.

Applied Marketing Daniel Padgett, Andrew Loos, 2023-10-03 Applied Marketing 3rd Edition is a comprehensive yet concise modern marketing course that blends solid academic theory with practitioner experience to help students master the core concepts, develop a practical understanding of how to apply marketing principles, and gain perspective on how top marketers operate in today's business world. Co-authors Dan Padgett, an academic, and Andrew Loos, a practitioner, blend solid academic theory and agency owner experience to offer students an insider's view of marketing by bridging the gap between marketing principles taught in the classroom and those same principles as applied by business professionals. Taking a student-centric approach by using digital assets to teach students as well as having students use digital resources for learning encourages students to develop their critical thinking skills by applying core concepts to real world scenarios.
