Black Friday This Month:

Monthly Entries for the Spiritual but not Religious through the Year Mark G. Boyer, 2022-08-30 This is a book about spirituality for the spiritual but not religious Those who identify themselves as spiritual but not religious make up one quarter of the population in the United States This book provides 189 monthly entries based on the national and international celebrations that occur every month Each entry begins with the name of the occasion and the date when it is marked during the month A text from the Bible a US public law a presidential proclamation a United Nations declaration etc that illustrates the day is presented The text is followed by a reflection which gleans the spirituality from the text and provides historical background on the day being celebrated Journal meditation questions follow the reflection and a prayer concludes the entry This book is for the spiritual but not religious a practice of spirituality that does not regard organized religion as a valuable means to further interior spiritual growth A section of the introduction to the book explores who the spiritual but not religious are and presents the common themes that surface from research about them **Ideological Idiocy** Tygrrrr Express, 2010-04-08 Conservatives are busy trying to save the world The world is going to heck in a handbasket and liberals are trying to figure out whether to hold angry peace rallies or celebrate the environment by leaving their signs on the grass for productive people to clean up If only they knew how many trees and bunny rabbits were murdered on 9 11 by people unconcerned with carbon emissions Liberals like to declare every conservative on the planet to be either evil or stupid Ideological Idiocy is about their declaration of our being unenlightened dolts This is ideological idiocy Having liberals declare the author stupid is like listening to members of the KKK call him insensitive Conservatives must remember that our critics do not matter Nobody listens to these crying children For those that do not have a blunt instrument nearby or are looking for a solution that avoids jail humor is a powerful weapon Use it against the left every moment they breathe They may get offended but that is the point The only thing that the author wants to communicate in this book is that without love and laughter there is no life Nothing he does will change the world but if it gets a stiff person to lighten up and smile he is pleased The only marketing calender you will need , Anglicisms around the Globe Henrik Gottlieb, Anabella-Gloria Niculescu-Gorpin, Alicja Witalisz, Keisuke Imamura, Jaime W. Hunt, 2025-11-14 This collection explores the global impact of English through fact based and contrastive analyses of different types of Anglicisms across a wide range of languages This volume showcases the ways in which contact induced language change operates across several different languages simultaneously This approach allows for an examination of similarities and differences in the adaptation processes of English models in languages with differing phonetic morphological syntactic and writing systems Drawing on data from the Global Anglicism Database GLAD the first multilingual repository featuring lexical and phraseological Anglicisms chapters look not only at visible Anglicisms such as augmented reality or easy listening which reflect their English origin but also at invisible Anglicisms cases in which English expressions are translated verbatim and cases when words in a recipient language change

their meaning due to English influence This volume offers a multi layered perspective on how Anglicisms develop and blend into different languages and readers are presented with a nuanced understanding of contact induced language change This book will appeal to students and scholars interested in language contact World Englishes language policy and planning bilingualism and lexicography
