Chrocziel, Moritz Lorenz, 2016-05-15 Inevitably every marketed product or service can always be located at the intersection of intellectual property law and competition law a nexus rife with potential problems throughout the life of an intellectual property IP right This important book is the first to focus in depth on this intersection in the European context masterfully elucidating the consequences for IP rights owners from the right s inception to its transfer sale or demise The authors describes and analyses the following topics and more in detail characteristics purpose and theoretical justifications of IP rights obtaining maintaining and exploiting an IP right effects of provisions of European competition law regarding cartels block exemptions abuse of dominant position free movement of goods and merger control competition between originator companies and generic companies licensing especially the problem of refusal to grant a license and enforcement of an IP right The book analyses all major cases affecting aspects of the intersection supported by an examination of the historical background and political influence concerning the two areas of European law There are also special chapters on the prominent and influential national legal systems of Germany the United States China The Netherlands and the United Kingdom An annex provides texts of the major antitrust regulations dealing with European IP rights As a biography of IP rights focusing on areas of entanglement with European competition law this book is without peer Its clear sighted view of the status quo and emerging trends in the two fields will be of immeasurable value to practitioners policymakers and academics dealing with issues at the intersection of intellectual property law and competition law in Europe and elsewhere

The Digital Markets Act Konstantina Bania, Damien Geradin, 2024-12-12 This book provides an in depth exploration of the Digital Markets Act DMA With an ensemble of contributors who have been involved in major antitrust cases that shaped the legislative text the book explains the rationale for the DMA introduces the reader to the digital services falling within its

scope sets out the process for gatekeeper designation and provides insights into the interpretation issues and enforcement challenges that arise from the obligations it establishes. Analysing the DMA in the broader legal and market context, the chapters examine tensions between the DMA and other EU and national rules governing the conduct of online platforms, compare the DMA to similar initiatives undertaken in other jurisdictions and bring perspectives from other disciplines such as data protection regulation. A companion website reports on important developments in relation to the DMA such as the decisions designating tech giants as gatekeepers and subsequent litigation arising therefrom and provides links to analysis discussing the developments. An authoritative treatment of the DMA is paired with an easy to follow writing style to make this comprehensive compendium essential reading for practitioners, judges, regulators and researchers working on matters relating to the digital economy.

The Case of the iPad Cathy Burnett, Guy Merchant, Alyson Simpson, Maureen Walsh, 2017-07-06 This book brings together an international group of literacy studies scholars who have investigated mobile literacies in a variety of educational settings. Approaching mobility from diverse theoretical perspectives, the book makes a significant contribution to how mobile literacies and tablets in particular are being conceptualised in literacy research. The book focuses on tablets and particularly the iPad as a prime example of mobile literacies, setting this within the broader context of literacy and mobility. The book provides inspiration and direction for future research in mobile literacies based upon 16 chapters that investigate the relationship between tablets and literacy in diverse ways. Together they address the complex and multiple forces associated with the distribution of the technologies themselves and the texts they mediate and consider how apps, adults and children work together as iPads enter the mesh of practices and material arrangements that constitute the institutional setting.
