Selected Issues Paper of the United States analyses the Report on Standards and Codes ROSC and the Detailed Assessment
Report DAR on the current state of the U S implementation of the Basel Core Principles for Effective Banking Supervision
The assessment identifies key weaknesses in the regulatory and supervisory framework and mentions recommendations to
improve the compliance measures The report also summarizes assessment of the U S securities and futures market
regulatory system Greater focus on systemic issues relating to both securities and futures markets are recommended to make
the overall regulatory system more robust **Economics of the Mortgage Market** David Leece,2008-04-15 The analysis
of the mortgage market is a specialised field but examines a financial market with extremely wide ranging implications it
affects the stability of the whole economy The key thing about this analysis is the increasing importance of the secondary
mortgage market which in the US is now several times larger than the market for government debt The UK secondary
mortgage market is also growing and the book will provide a timely resource to those active and interested in this important
financial market The 1990s saw an enormous growth of mortgage market analysis as an academic subject and there is a vast
literature scattered among the key real estate journals There is now a great need to not only bring this very complex subject
area together but also to abstract the main issues and to render them intelligible The book will provide an organised
research resource and also inform and motivate further research into the microeconomics of mortgage markets **U.S.**
