English Language Arts the Kindergarten Way Molly Cochell, Laura Fullmer, 2017 Kindergarten teachers know that a child's first taste of school should be engaging, active, social, and fun. Yet teachers are presented with a challenge: How do they nurture the holistic, exploratory nature of early childhood while teaching with the intentionality and rigor required to meet learning goals? Let this resource pave the way. English Language Arts the Kindergarten Way contains methods for teaching foundational reading skills, building vocabulary, inspiring and developing writing, and helping children respond to literature and informational text while inherently fulfilling the needs of the whole child. An entire year of activities is included, and all activities are classroom tested and naturally infuse visual art, music, drama, poetry, movement, and puppetry so that kindergartners meet learning goals their way.

How to Reach and Teach Children and Teens with ADD/ADHD Sandra F. Rief, 2016-09-13 The most up-to-date and comprehensive vital resource for educators seeking ADD/ADHD supportive methods. How to Reach and Teach Children and Teens with ADD/ADHD Third Edition is an essential guide for school personnel. Approximately 10 percent of school-aged children have ADD/ADHD; that is, at least two students in every classroom. Without support and appropriate intervention, many of these students will suffer academically and socially, leaving them at risk for a variety of negative outcomes. This book serves as a comprehensive guide to understand and manage ADHD, utilizing educational methods, techniques, and accommodations to help children and teens sidestep their weaknesses and showcase their numerous strengths. This new 2016 edition has been completely updated with the latest information about ADHD research, validated treatments, educational laws, executive function, and subject-specific strategies. It also includes powerful case studies, intervention plans, valuable resources, and a variety of management tools to improve the academic and behavioral performance of students from kindergarten through high school. From learning and behavioral techniques to whole-group and individualized interventions, this indispensable guide is a must-have resource for every classroom, providing expert tips and strategies on reaching kids with ADHD, getting through, and bringing out their best. Prevent behavioral problems in the classroom and other school settings. Increase students' on-task behavior, work production, and academic performance. Effectively manage challenging behaviors related to ADHD. Improve executive function-related skills: organization, memory, time management. Apply specific research-based supports and interventions to enable school success. Communicate and collaborate effectively with parents, physicians, and agencies.

Spelling Gr. 3 A Complete Strategy Based Program, Soaring with Reading and Writing Josephine McLaughlin, Sylvia Andrews, 2003 In this book, you will find the McLaughlin Model of teaching emergent literacy to young children set down in a clear format that makes it easy for you to glean the information you need to establish the program in your classroom. As it spreads through pilot programs in Palm Beach County School District, Florida, this model of teaching is proving to be highly successful for children from many different backgrounds and to produce outstanding results in Title 1 kindergarten classes. Chapter by chapter, you will

discover how to lead your students into reading books and flowing with writing You will find how to do this by teaching skills through meaningful reading and writing and by training your students in the habits they need to be successful You will be guided into quickly evaluating your students and dividing them into small groups where they can learn at their own level and pace moving on and up when they are ready You will learn how to build your students self esteem and self confidence and how to train them to work cooperatively as part of a positive risk free classroom community where everyone is a teacher and learner You will also learn how to keep the excitement and momentum flowing in your classroom all through the year As you use this model with your students you will find that your expectations rise Your enjoyment of teaching will increase as you get caught up in your students energy for learning and their excitement at what they achieve Like the teachers in the McLaughlin Model Pilot Programs you will most likely be amazed at the results

Teaching a Child to Read and Write Well Aunty Alice, 2014-04 In spite of the wide range of resources and innovative teaching methods schools have had and are using many students still fail to acquire literacy Many have specific problems with word and letter symbols They reverse and invert them their hearing cannot discriminate fine differences in letter sounds or they do not perceive patterns easily for their brain to make connections Their visual and auditory memory may fail them or their culture may use language that does not align with the standard accepted forms in the text These children are disadvantaged because their brains work differently and they think and respond differently This book embraces a different metaphor for teaching literacy that does not compartmentalize the curriculum into separate areas such as spelling reading writing listening speaking and presenting Instead the focus is on assessing their written language as a place to start in planning for success An unassisted sample of a learner s writing could

be said to be an example of what they understand of literacy whether it be a scribble at three or an essay at twelve I have proved conclusively that if teacher and student work collaboratively on improving their writing using their reading as a model their reading ability rises naturally This customized and individualized teaching method enables authentic teacher student interactions This not only allows the teacher to closely tailor their teaching to each student s unique learning needs but it also brings the student on board in assessing their progress Teaching a Child to Read and Write Well will clear a path towards mastering literacy that can engage all students and lead to success for all Give it a go [Book Buddies](#) Marcia Invernizzi, Donna Lewis-Wagner, Francine R. Spelling Gr. 2 A Complete Strategy Based Program, Intensifying Classroom Routines in Reading and Writing Programs Michael P. Ford, 2017-06-15

Three common routines are seen in almost every primary language arts program: morning messages, shared readings, and word walls. These routines should be integrated to support the total language arts program but are teachers of grades K-2 getting the most bang for their buck out of these activities. Morning messages can become very routinized and repeat the same experiences over and over again. Shared readings are sometimes conducted with little variation in spite of changing demands from the texts being used and changing needs in the learners with whom they are being used. Word walls might be put up with some attention early in the year and remain virtually unchanged as the year moves forward. Intensifying Classroom Routines in Reading and Writing Programs focuses on how teachers can get more instructional mileage out of these three common classroom routines. Author Michael P. Ford lays out step by step, day by day plans to put those three key routines on a cycle that changes as students move through developmental phases. This resource helps teachers plan for emergent and early readers and writers. It also looks at how teachers can assist students as they move through critical areas including concepts of print, alphabetic knowledge, phonological awareness, sound-symbol relationships, high frequency words, structural analysis, context clues, comprehension strategies, and composition strategies. With these intensified routines in place, students will clearly see connections between reading and writing.
