of the smartphone apps have become entrenched in billions of users daily lives Accessible across phones and tablets watches and wearables connected cars sensors and cities they are an inescapable feature of our current culture In this book Gerard Goggin provides a comprehensive and authoritative guide to the development of apps as a digital media technology Covering the technological social cultural and policy dynamics of apps Goggin ultimately considers what a post app world might look like He argues that apps represent a pivotal moment in the development of digital media acting as a hinge between the visions and realities of the mobile cyber and online societies envisaged since the late 1980s and the imaginaries and materialities of the digital societies that emerged from 2010 Apps offer frames construct tools and constitute small worlds for users to reorient themselves in digital media settings This fascinating book will reframe the conversation about the software that underwrites our digital worlds It is essential reading for students and scholars of media and communication as well as for anyone interested in this ubiquitous technology *Every Screen on the Planet* Emily Baker-White,2025-09-30 The story of the most effective attention algorithm ever invented and the superpower struggle to control it *Every Screen on the Planet* is the first major book on one of the most dramatic business stories of our time Touching on politics finance data and technology the struggle over TikTok has enormous implications for our information landscape and the technological cold war

between the United States and China Emily Baker White's engrossing narrative charts TikTok's rise from obscurity into the world's most valuable startup led by its ambitious founder Zhang Yiming arguably the father of the modern recommendation algorithm Zhang's products reshaped the global internet from a place where you searched for information to one where information came to you TikTok seemed to know its users in an almost spooky way provoking wonder and delight People were hooked We intend to become ubiquitous a new hire training video said to put TikTok on every screen on the planet But virtually everything about TikTok's users their interests locations and even their unspoken desires was accessible to staff in Beijing After Baker White a Harvard trained lawyer and investigative reporter revealed that Chinese engineers could access Americans private information a team of employees used the app to track her location and attempt to expose whistleblowers This incident triggered an ongoing criminal investigation and escalated the US government's fight against Chinese tech TikTok was the first Chinese app to become a US juggernaut and lawmakers soon recognized its potential for surveillance and propaganda and the threat it might pose in the hands of their rivals Yet even as hawks in Congress gained support to ban the app the White House was secretly negotiating for unprecedented control over its information stream In 2025 when President Donald Trump declined to enforce the so called ban law TikTok seemed to complete a miraculous corporate escape It retained its influence profits and power but now operated at the pleasure of two strongmen China's Xi Jinping and Trump himself

Chinafy Joanna Hutchins, 2023-06-15 Western business leaders make two key assumptions about China that China is always copying the West and that the West is the seat of innovation The truth is surprising China is both copying and innovating and while Western businesses are busy looking for the next new thing China is rapidly iterating on what's already been done and pushing ahead While businesses in the West are getting disrupted and left behind the savvy leaders among them can learn innovate and excel by copying China's playbook Chinafy distills the key lessons from China to unlock business potential anywhere in the world These lessons serve as catalysts for how to Chinafy innovation for growth Taking a deep dive into the workings of China's most successful brands from Haier to ByteDance author Joanna Hutchins reveals what it takes to get ahead in the world of business and innovation
