Miele,1998-05 Abuse of alcohol tobacco other drugs is of critical importance to the health of New Jersey s citizens the economic stability of the state This master plan systematically addresses the problem by setting priorities for science social governmental commitment It examines issues of addiction prevention intervention outlines program coordination development priorities focuses on planning coordination of abuse of alcohol tobacco other drugs abuse services among state departments agencies inventories current programs their budgets explores ways to set measurable goals evaluate the effect of current programs **A History of International Law in Italy** Giulio Bartolini,2020-04-02 This volume critically reassesses the history and impact of international law in Italy It examines how Italy s engagement with international law has been influenced and cross fertilized by global dynamics in terms of theories methodologies or professional networks It asks to what extent historical and political turning points influenced this engagement especially where scholars were part of broader academic and public debates or even active participants in the role of legal advisers or politicians It explores how international law was used or misused by relevant actors in such contexts Bringing together scholars specialized in international law and legal history this volume first provides a historical examination of the theoretical legal analysis produced in the Italian context exploring its main features and dissident voices The second section assesses the impact on international law studies of key historical and political events involving Italy both internationally and domestically and conversely how such events influenced perceptions of international law Finally a concluding section places the preceding analysis within a broader contemporary perspective This volume weighs in on in the growing debate on the need to explore international law from comparative and local viewpoints It shows how regional national and local contexts have contributed to shaping international legal rules institutions and doctrines and

how these in turn influenced local solutions *Authoring Autism* M. Remi Yergeau, 2018-01-05 In *Authoring Autism* M Remi Yergeau defines neurodivergence as an identity neuroqueerness rather than an impairment Using a queer theory framework Yergeau notes the stereotypes that deny autistic people their humanity and the chance to define themselves while also challenging cognitive studies scholarship and its reification of the neurological passivity of autistics They also critique early intensive behavioral interventions which have much in common with gay conversion therapy and questions the ableist privileging of intentionality and diplomacy in rhetorical traditions Using storying as their method they present an alternative view of autistic rhetoricity by foregrounding the cunning rhetorical abilities of autistics and by framing autism as a narrative condition wherein autistics are the best equipped people to define their experience Contending that autism represents a queer way of being that simultaneously embraces and rejects the rhetorical Yergeau shows how autistic people queer the lines of rhetoric humanity and agency In so doing they demonstrate how an autistic rhetoric requires the reconceptualization of rhetoric s very essence **Report** United States.
