Interracial Romance and Health Byron Miller, 2022-10-31 Romantic relationships and health are fundamental for society but what happens to a person s well being when he or she chooses the wrong partner *Interracial Romance and Health Bridging Generations Race Relations and Well Being* tackles this growing public health issue which impacts millions of people in interracial relationships especially young adults With a particular focus on a group of young adults whom he calls the Bridge Kids Byron Miller provides a critical examination of how racial identity socialization and the partner selection process influence whether a person becomes interracially involved For those that do cross racial lines for romance Miller reveals that the race of one s partner can have a significant impact on their lived experiences and health outcomes Opposing the idea that interracial relationships are bad for society and an individual s health Miller argues that interracial romance has health benefits for some is generally good for society and that what is truly detrimental is the unnecessary stress people in interracial relationships feel due to their experiences with stigma racism and discrimination Miller concludes that as the prevalence of interracial romance grows so does the urgency to address these issues to protect the well being of the Bridge Kids and others in interracial romantic partnerships

Romance in the Digital Game Amy Brierley-Beare, 2025-09-30 In the last decade the popularity of romance in the AAA game has exploded It has become an expectation for major releases and a regular object of fan obsession High profile games such as Baldur's Gate III 2023 Cyberpunk 2077 2020 and Starfield 2023 prominently feature in game romance in their multimillion dollar promotional campaigns Moreover rampant speculation by gaming journalists and fans about who is romanceable will regularly accompany the announcement of a new title However representations of romance have long been under examined and vaguely defined by scholars This leaves important questions unanswered How does the

digital game mediate cultural attitudes towards love and sex How can we classify representations of romance in the digital game Does romance simply replicate existing hegemonies surrounding gender and sexuality or does it offer a space for transgressive play Book title positions optional romance in the AAA game as a central object of analysis Based on the close analysis of some of the most commercially and culturally significant games of the last 30 years like Grand Theft Auto IV 2008 the Mass Effect series 2007 21 and the Elder Scrolls series 1994 2024 it is the first full length monograph to effectively and comprehensively categorise how mainstream gaming asks its audience to engage with romance It interrogates the idiosyncrasies of romance in the popular games to provide fresh insights into messaging surrounding normative social understandings of love sex and intimacy By theorising four representational categories of romance Limerent Physical Domestic and Ludic Automatic Love introduces a new theoretical framework for scholars to understand romance gender and sexuality in gaming

Gifts, Romance, and Consumer Culture Yuko Minowa, Russell W. Belk, 2018-09-05

How do people communicate their romantic feelings Gift giving is one way Giving and receiving of gifts is a characteristic of intimate relationships Gifts are a message a form of communication with a tangible material object about love affection or concern for the recipient The romantic gift evokes a multitude of intertwined meanings passion intimacy affection persuasion care celebration altruism and nostalgia They can also connote the negative images of obligation and reciprocity Romantic gift giving may be practiced at rituals during rites of passage or for casual occasions to affirm the continued importance of the romantic relationship We may even romanticize the giving of gifts to the self to nonhuman companions and to others we do not know personally If loving and giving are a practice then romantic gift giving is a practice of loving with intimate or would be intimate others This book addresses gift giving among consumers attempting to express and construct romantic love It lies at the intersection of consumption markets and culture In societies shaped by the globalizing neo liberal economic order increasing wealth disparity and a partially digitized social environment that they help to co construct it may be time to

rethink romantic love Gift giving is a key arena to do so as gifts make love tangible and act as carriers of meaning as well as cultural symbols In gift giving the meanings of romance are renewed renegotiated and reconstructed Gifts Romance And Consumer Culture demonstrates a wide variety of scholarly work bearing on romantic gift giving using an interpretive consumer research perspective The book introduces critical studies by scholars in this unfolding and new interdisciplinary field *American Monthly Review of Reviews* Albert Shaw, 1897
