How to Turn Down a Billion Dollars Billy Gallagher, 2018-02-15 A fast paced highly readable history of one of the defining companies of our time If you're interested in Snapchat or just plain mystified by it you must read this book Brad Stone Would you turn down three billion dollars from Mark Zuckerberg When he was just twenty three years old Evan Spiegel the brash CEO of the social network Snapchat stunned the world when he and his co founders walked away from a three billion dollar offer from Facebook how could an app teenagers use to text dirty photos dream of a higher valuation Was this hubris or genius In *How to Turn Down a Billion Dollars* Billy Gallagher takes us inside the rise of one of Silicon Valley's hottest start ups Snapchat began as a late night dorm room revelation before Spiegel went on to make a name for himself as a visionary CEO worth billions linked to celebrities like Taylor Swift and his fiancée Miranda Kerr A fellow Stanford undergrad and fraternity brother of the company's founding trio Billy Gallagher has covered Snapchat from the start His inside account offers an entertaining

trip through the excess and drama of the hazy early days with a professional insight into the challenges Snapchat faces as it transitions from a playful app to one of the tech industry's preeminent public companies In the tradition of great business narratives How to Turn Down a Billion Dollars offers the definitive account of a company whose goal is no less than to remake the future of entertainment

Online around the World Laura M. Steckman, Marilyn J. Andrews, 2017-05-24

Covering more than 80 countries around the world this book provides a compelling contemporary snapshot of how people in other countries are using the Internet social media and mobile apps How do people in other countries use the social media platform Facebook differently than Americans do What topics are discussed on the largest online forum one in Indonesia with more than seven million registered users Why does Mongolia rate in the top ten countries worldwide for peak Internet speeds Readers of Online around the World A Geographic Encyclopedia of the Internet Social Media and Mobile Apps will discover the answers to these questions and learn about people's Internet and social media preferences on six continents outside of the online community of users within the United States The book begins with an overview of the Internet social media platforms and mobile apps that chronologically examines the development of technological innovations that have made the Internet what it is today The country specific entries that follow the overview provide demographic information and describe specific events influenced by online communications allowing readers to better appreciate the incredible power of online interactions across otherwise unconnected individuals and the realities and peculiarities of how people communicate in today's fast paced globalized and high technology environment This encyclopedia presents social media and the Internet in new light identifying how the use of language and the specific application of human culture impacts emerging technologies and communications dramatically affecting everything from politics to social activism education and censorship

Online Communication in the Context of Personal, Virtual and Corporate Identity Formation Lutz Peschke, Can

Gürmeric, 2018-09-17 The implementation of digital media in our today's communication has a strong impact on the media behaviours in the society In the last decades great importance is given to the protection of the personality rights in the context of the new media Since our communication is a media based communication its impact on the construction of reality affects the normative value pattern of societies To understand new media as a central aspect of our mediated world it has to be located and analysed both in the communicative and normative system Today social media is not anymore based on user generated content but is now turned to a platform for business makers with and in the context of Big Data This book will discuss the formation of different identities as a result of different ways of new media usage It includes on the one hand online communication between personal and virtual identities It discusses researches about online identity and online anonymity Self presentation strategies by using online dating platforms the phenomenon of Internet Mothers as well as the potential of cyberbullying of Snapchat On the other hand online communication between corporate and new business strategies It describes and discusses the evolution of television changes of music consumer habits caused by music on demand trends and

the impact of social media operations in maintaining brand reputation This book is located between user generated content and professional applications and regards itself as a contribution to a media discourse in a mediatized and globalized world
