Independence in 21st-Century Popular Music Shannon Garland, Pedro Belchior Nunes, Pedro Roxo, 2025-01-23 Can music be made independently in the 21st century More than a generation of musicians music workers and music companies have now been operating in the context of the profound shifts in music production and dissemination in the digital era Scholarly focus on musical independence has often been centered on genres like punk and indie rooted in the US and UK This volume focused outside the Euro American context shows the variety of ways musicians music workers and businesses manage the economic media and cultural shifts propelled by digitalization asking what it means now to say one is independent It brings together scholars from around the globe who are researching forms of music production circulation consumption and finance that blur the boundaries between the dominant corporate players and independent cultural production With chapters detailing popular music in Argentina Brazil Chile Cuba Indonesia Portugal Spain and Taiwan independence is shown to be a concept and practice simultaneously nebulous contradictory and practical

Key Changes Howie Singer, Bill Rosenblatt, 2023 Tells a new story about the history of the music business and the ten technological advances that disrupted it over the last century In recent years narratives about the music industry tend to hew to a common theme it was humming along for decades until the Internet and Napster came along and disrupted it *Key Changes* shows that this view is incorrect the industry was actually shaken up not once in the 1990s but ten times over more than 100 years These ten disruptions came with the introduction of new formats for enjoying recorded music starting with the cylinders and discs played on early phonographs then moving through radio LPs tapes CDs television digital downloads streaming and streaming video and then into Artificial Intelligence AI which enables a wide range of new capabilities with profound impacts upon the business This book devotes a chapter to each of these formats illustrating how such innovations beget shifts in creativity consumer behavior economics and law Each of the technological innovations covered in this book not only disrupted the music business but also fundamentally altered the industry's character And while the technologies themselves have evolved in unique and varied ways over the decades the changes within the business follow a clear pattern Veteran music industry professionals and music technology experts Howie Singer and Bill Rosenblatt illuminate this pattern through a framework they term the 6 Cs cutting edge technology channels of distribution creators

consumers cash copyright This framework provides insight into how such disparate innovations similarly disrupted and transformed the music business in each era Extensively researched and supplemented by interviews with Grammy winning artists producers and executives the book provides an insightful perspective on the ways technology has fundamentally altered the music industry throughout history and into the present era **Monsters in the Closet** Adam Butler,2020-10-13 From pornographic videos of rape and incest to sexual predators around every corner from online challenges teaching children how to commit suicide to resources teaching them how to conjure up demons from social media trends praising abortion to completely redefining what it means to be human these are the monsters in the closet which children and teenagers are being exposed to America is facing a drastic moral decline and we are only seeing the beginning of the avalanche Narratives which directly attack God s word are being fed to young people These monsters are very real and may be much closer than you think Learn about the harmful indoctrination and lies being spread through the internet social media and even the classroom and how you can combat them **The Media and Communications in Australia** Bridget Griffen-Foley,Sue Turnbull,2023-11-21 At a time when the traditional media have been reshaped by digital technologies and audiences have fragmented people are using mediated forms of communication to manage all aspects of their daily lives as well as for news and entertainment The Media and Communications in Australia offers a systematic introduction to this dynamic field Fully updated and expanded this fifth edition outlines the key media industries from print sound and television to film gaming and public relations and explains how communications technologies have changed the ways in which they now operate It offers an overview of the key approaches to the field including a consideration of Indigenous communication and features a hot topics section with contributions on issues including diversity misinformation algorithms COVID 19 web series and national security With chapters from Australia s leading researchers and teachers in the field The Media and Communications in Australia remains the most comprehensive and reliable introduction to media and communications from an Australian perspective It is an ideal student text and a key resource for teachers lecturers media practitioners and anyone interested in understanding these influential industries **The End of Reality** Jonathan Taplin,2023-09-07 A wake up call fascinating Scott Galloway author of The Four Please read this Jaron Lanier author of Ten Arguments For Deleting Your Social Media From the author of Move Fast and Break Things comes a withering takedown of four billionaires from Andreessen to Zuckerberg who are selling us fantasies while the world burns At a time when multiple crises are compounding to create epic inequality four billionaires are hyping schemes that are designed to divert our attention away from issues that really matter Each scheme from the metaverse to cryptocurrency space travel and transhumanism is an existential threat in moral political and economic terms In The End of Reality Jonathan Taplin shines a light on the enormous cultural power of Peter Thiel Elon Musk Mark Zuckerberg and Marc Andreessen questioning whether we want our society to be run by people who receive blood transfusions to stay young Will we really want our children anywhere near the metaverse

Do we trust Musk to rule over Mars Tech monopolies have hollowed out the middle class and brought unbounded public acrimony Meanwhile enormous amounts of taxpayer money are funnelled into dystopian ventures the benefits of which accrue to billionaires The End of Reality is both a scathing critique of the warped worldview of a tiny minority and a vision of a truly regenerative economics to build a sustainable society with healthy growth and full employment
