AI-Augmented Video Editor HEBooks, Editing video used to take forever You d spend more time cutting clips syncing sound and chasing consistency than actually telling your story Enter AI your new secret weapon This book shows you how to use artificial intelligence to automate the boring parts of editing so you can focus on what matters crafting powerful emotional audience grabbing content From smart scene detection to auto generated timelines voice cloning real time captions and even AI driven storytelling this guide gives you the tools to work faster smarter and more creatively than ever before No fluff No jargon Just actionable AI powered techniques that turn hours of work into minutes and good videos into unforgettable ones If you re ready to stop fighting the timeline and start shaping stories with AI by your side this is your roadmap Because the future of editing isn t just fast it s intelligent And it s already here c't Working with AI

c't-Redaktion,2024-01-24 The special issue of c t KI Praxis provides tests and practical instructions for working with chatbots It explains why language models make mistakes and how they can be minimised This not only helps when you send questions and orders to one of the chatbots offered online If you do not want to or are not allowed to use the cloud services for data protection reasons for example you can also set up your own voice AI The c t editorial team explains where to find a suitable voice model how to host it locally and which service providers can host it The fact that generative AI is becoming increasingly productive harbours both opportunities and risks Suitable rules for the use of AI in schools training and at work help to exploit opportunities and minimise risks **CINEMA INDUSTRY AND ARTIFICIAL INTELLIGENCE DREAMS**

prof.IBRAHIM ELNOSHOKATY, The learning Machin can write like Shakespeare yes it can do that but how can do the same wording the same style but create an emotional story or play can it or humans can like that or any passed away writer can the scientists create text to text deep learning machine learning from all of his production style wording pattern plot form and his own character it easy to do that right now it is the Eternity to be or not to be that is the problem *Macworld* ,2003

Digital Designs for Money, Markets, and Social Dilemmas Yuji Aruka,2022-05-23 An innovative feature of this book is its econocentric structure focusing on digital designs From the outset econocentrism is assumed to be a core engine of capitalism like money The new coronavirus pandemic has changed lifestyles worldwide which are unlikely ever to return in their original form This great transformation will change the nature of the socio economic system itself and will be centered on digital designs At present money already is beginning to undergo a major revolution in that sense Many books dealing with digital designs and innovations have been published but few if any of them focus on monetary and analytical methods in the way that this present volume does The book then contains 6 parts Evolution of money and thinking complexities in the AI era Goods market and the future of labor market Computational social approaches to social dilemmas smart city cryptocurrencies Artificial market experiments The randomness and high frequencies in financial data Other trading strategy issues and the effects of AI usage These issues may be indispensable subjects in our age Study these subject and have a step
