Promoting Positive Learning Experiences in Middle School Education focuses on the ideal conditions for maximizing student success and engagement in middle school education. The chapters take a deeper look into the modern tools, technologies, methods, and theories driving current research on middle school students, their teachers, their classroom environment, and their learning. Highlighting topics such as curriculum reform, instructional strategies, and practices, effective teaching, and technology in the modern classroom, this book is ideally intended for middle school teachers, middle school administrators, and school district administrators along with practitioners, stakeholders, researchers, academicians, and students interested in middle school education and student success. When Teachers Stay: Cultivating Resilient Teaching Communities Michelle Hughes, 2025-09-01. Why do some schools have high levels of teacher turnover but others don't? This powerful book explores the question of what makes a resilient teaching community in which teachers want to stay and thrive. Author Michelle Hughes embarks on a journey including school visits and conversations with teachers and school leaders to uncover the cohesiveness, continuity, community, and deep sense of belonging for adults and kids that occurs in some schools. In Part 1, Hughes describes the conditions that foster such a community, including trust, belonging, collaboration, and a culture of ongoing growth and shared decision making. Part 2 explores the essential role leaders play in providing those conditions. In Part 3, you'll learn the roles teachers play in building collaboration, autonomy, and community. Conflict and shared mission or vision. Part 4 focuses on the impacts of resilient teaching communities on the child's educational journey from pre-kindergarten to twelfth grade. It also explores the obstacles faced by the leaders and teachers who are invested in cultivating their own resilient teaching community. And finally, at the end of each chapter, you'll have opportunities for reflection and action so you can bring the ideas back to your own school. From rural Indiana to New York City, teachers have shared the same conditions that matter most to their feeling of community and longevity in their roles. Find out how your school can be a powerful place of belonging too. **The**
