from Middlemarch Vol 1 A Study of Provincial Life Some have felt that these blundering lives are due to the inconvenient in
definiteness with which the Supreme Power has fashioned the natures of women if there were one level of feminine in
competence as strict as the ability to count three and no more the social lot of women might be treated with scientific
certitude Meanwhile the indefiniteness remains and the limits of varia tion are really much wider than any one would
imagine from the sameness of women s coiffure and the favourite love stories in prose and verse Here and there a cygnet is
reared uneasily among the ducklings in the brown pond and never finds the living stream in fellowship with its own Gary
footed kind Here and there is born a Saint Theresa foundress of nothing whose loving heart beats and sobs after an

Middlemarch, Vol. 2 George Eliot, 2016-07-13 Excerpt from *Middlemarch* Vol 2 A Study of Provincial Life She was glowing from her morning toilet as only healthful youth can glow there was gem like bright ness on her coiled hair and in her hazel eyes there was warm red life in her lips her throat had a breathing whiteness above the differing white of the fur which itself seemed to wind about her neck and cling down her blue gray pelisse with a tenderness gathered from her own a sentient commingled inno cence which kept its loveliness against the crystals line purity of the outdoor snow As she laid the cameo cases on the table in the bow window she unconsciously kept her hands on them immediately absorbed in looking out on the still white enclosure which made her visible world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Empty Houses David Kurnick, 2012 According to the dominant tradition of literary criticism the novel is the form par excellence of the private individual *Empty Houses* challenges this consensus by reexamining the genre s development from the mid nineteenth to the mid twentieth century and exploring what has until now seemed an anomaly the frustrated theatrical ambitions of major novelists Offering new interpretations of the careers of William Makepeace Thackeray George Eliot Henry James James Joyce and James Baldwin writers known for mapping ever narrower interior geographies this book argues that the genre s inward looking tendency has been misunderstood Delving into the critical role of the theater in the origins of the novel of interiority David Kurnick reinterprets the novel as a record of dissatisfaction with inwardness and an injunction to rethink human identity in radically collective and social terms Exploring neglected texts in order to reread canonical ones Kurnick shows that the theatrical ambitions of major novelists had crucial formal and ideological effects on their masterworks Investigating a key stretch of each of these novelistic careers he establishes the theatrical genealogy of some of the signal techniques of narrative interiority In the process he illustrates how the novel is marked by a hunger for palpable collectivity and argues that the genre s discontents have been a shaping force in its evolution A groundbreaking rereading of the novel *Empty Houses* provides new ways to consider the novelistic imagination

Children's Books in Print ,1993 **Victorian Transformations** Bianca Tredennick, 2016-02-24 Proposing the concept

of transformation as a key to understanding the Victorian period this collection explores the protean ways in which the nineteenth century conceived of responded to and created change The volume focuses on literature particularly issues related to genre nationalism and desire For example the essays suggest that changes in the novel s form correspond with shifting notions of human nature in Victor Hugo s Notre Dame de Paris technical forms such as the villanelle and chant royal are crucial bridges between Victorian and Modernist poetics Victorian theater moves from privileging the text to valuing the spectacles that characterized much of Victorian staging Carlyle s Past and Present is a rallying cry for replacing the static and fractured language of the past with a national language deep in shared meaning Dante Gabriel Rossetti posits unachieved desire as the means of rescuing the subject from the institutional forces that threaten to close down and subsume him and the return of Adelaide Anne Procter s fallen nun to the convent in A Legend of Provence can be read as signaling a more modern definition of gender and sexuality that allows for the possibility of transgressive desire within society The collection concludes with an essay that shows neo Victorian authors like John Fowles and A S Byatt contending with the Victorian preoccupations with gender and sexuality
