From Indifference to Entrapment Norbert Both, 2000-01-01 A detailed analysis of the response to the Yugoslav crisis by one of America's key allies in NATO The author focuses on the question of how a Western bureaucracy faced up to the most complex foreign policy challenge of the 1990s The Netherlands as a pocket sized medium power is an interesting case study While the margins for Dutch foreign policy are limited fate had it that the Netherlands occupied the European presidency during the second half of 1991 when the recognition issue divided the West and the parameters for the subsequent international intervention in the Balkans were set By July 1995 the involvement of the Netherlands had deepened to the extent that Dutch troops who found themselves trapped in the UN safe area of Srebrenica together with the local Muslim population were unable to prevent the worst massacre in Europe since the Second World War This study is based on interviews with all the major players including two former Defence Ministers and two former Ministers of Foreign Affairs and on documents from the Netherlands Ministry of Foreign Affairs made available under the country's own freedom of information act

Boven het maaiveld Glenn van der Burg, 2012-04-25 Na elf jaar ondernemerschap zit Glenn van der Burg ontredderd op de bank Weg energie weg dynamiek weg hoop Dat laatste is nog wel het ergste Het geloof dat het allemaal goed komt is verdwenen Wat nu Glenn neemt een drastische beslissing hij stopt met ondernemen en gaat op zoek naar zijn nieuwe toekomst In Boven het maaiveld gaat Glenn op zoek naar de essentie van leiderschap in de 21e eeuw Waarom zijn er maar enkele mensen die het voortouw nemen en daadwerkelijk iets veranderen en verbeteren Waarom leiden leiders Waarom steken slechts een paar hun kop boven het maaiveld En wat kan dit allemaal voor jou als lezer betekenen Zijn zoektocht leidt langs modellen en theorieën van onder anderen Belbin en Quinn over leiderschap Ook ontmoet hij leiders vanuit de praktijk zoals Alexander Rinnooy Kan Alexander Pechtold en Willemijn Verloop

De recensent, ook der recensenten , 1830 *De slag om Srebrenica* Frank Westerman, 2018-10-12 Wat Saigon is voor de Amerikanen is Srebrenica voor de Nederlanders een kras op de volksziel Juli 1995 Servische strijders overrompelen Dutchbat en vermoorden duizenden mannen Twintig jaar later keert Frank Westerman terug naar de voormalige enclave waarin hij destijds tweemaal wist door te dringen In *De slag om Srebrenica* brengt hij zijn tijdloze en meest onthullende Balkan werk bijeen aangevuld met een actueel slotdeel De naschok een stilmakend reisverslag over herdenken en herleven Frank Westerman was in de eerste jaren van de oorlog correspondent

voor de Volkskrant in Belgrado Zijn ervaringen legde hij vast in De brug over de Tara Voor NRC Handelsblad reconstrueerde hij de val van Srebrenica in een reeks spraakmakende artikelen die in Het zwartste scenario zijn uitgewerkt 1997 met Bart Rijs *Investigating Srebrenica* Isabelle Delpla,Xavier Bougarel,Jean-Louis Fournel,2012-06-25 In July 1995 the Bosnian Serb Army commanded by General Ratko Mladic attacked the enclave of Srebrenica a UN safe area since 1993 and massacred about 8 000 Bosniac men While the responsibility for the massacre itself lays clearly with the Serb political and military leadership the question of the responsibility of various international organizations and national authorities for the fall of the enclave is still passionately discussed and has given rise to various rumors and conspiracy theories Follow up investigations by the International Criminal Tribunal for the former Yugoslavia and by several commissions have dissipated most of these rumors and contributed to a better knowledge of the Srebrenica events and the part played by the main local and international actors This volume represents the first systematic comparative analysis of those investigations It brings together analyses from both the external standpoint of academics and the inside perspective of various professionals who participated directly in the inquiries including police officers members of parliament high ranking civil servants and other experts Evaluating how institutions establish facts and ascribe responsibilities this volume presents a historiographical and epistemological reflection on the very possibility of writing a history of the present time Moved by the Past Eelco Runia,2014-05-20 Historians go to great lengths to avoid confronting discontinuity searching for explanations as to why such events as the fall of the Berlin Wall George W Bush s invasion of Iraq and the introduction of the euro logically develop from what came before Moved by the Past radically breaks with this tradition of predating the past incites us to fully acknowledge the discontinuous nature of discontinuities and proposes to use the fact that history is propelled by unforeseeable leaps and bounds as a starting point for a truly evolutionary conception of history Integrating research from a variety of disciplines Eelco Runia identifies two modes of being moved by the past regressive and revolutionary In the regressive mode the past may either overwhelm us as in nostalgia or provoke us to act out what we believe to be solidly dead When we are moved by the past in a revolutionary sense we may be said to embody history we burn our bridges behind us and create accomplished facts we have no choice but to live up to It is the final thesis of Moved by the Past humans energize their own evolution by habitually creating situations catastrophes or sublime historical events that put a premium on mutations Moved by the Past therefore offers an account of how every now and then we chase ourselves away from what we were and force ourselves to become what we are Proposing a simple yet radical change in perspective Runia profoundly reorients how we think and theorize about history Lifting the Fog Bob de Graaff,2024-06-06 Lifting the Fog The Secret History of the Dutch Defense Intelligence and Security Service 1912 2022 is unique as a general body of knowledge about the history of the Dutch intelligence and security services since 1913 The chapters alternate between a general historical overview and a number of case studies spread out over the more than a century long history that taken together give a good insight into the main
