Millennium Prophecies Predictions For The Year 2000 And Beyond:

Millennium Prophecies Stephen Skinner,1994 Millennium Prophecies Stephen Skinner,1994 **Marketing - The Retro Revolution** Stephen Brown,2001-08-21 The rise of retro has led many to conclude that it represents the end of marketing that it is indicative of inertia ossification and the waning of creativity Marketing The Retro Revolution explains why the opposite is the case demonstrating that retro orientation is a harbinger of change and a revolution in marketing thinking In his engaging and lively style Stephen Brown shows that the implications of today s retro revolution are much more profound than the existing literature suggests He argues that just as retro marketing practitioners are looking to the past for inspiration so too students consultants and academics should seek to do likewise *The Return of Planet-X* Jaysen Q. Rand,2007 The Return of Planet X is an educational informational source examining all aspects of this controversial subject including the record of X s Ancient Science of Prophecy its Phantom Astronomy Forbidden Archaeology and the Signs Of Its Approach This book examines the history and prophecy of Earth s many cultures throughout the millennia and their voluminous references to the reality of X s periodic passages The most current hypothesis used to examine X s next return through the solar system centers around the fact that X s extended orbit approximately every 3 600 years first passing through the solar system then back out again suggests that its destructive cycle occurs in two phases The first phase begins with X s initial pass through in 2009 separated by three years until its second phase This passage marks X s return leg back into deep space beginning again its 3 600 year long trek through the heavens X s last return visit through the solar system most likely coincided with the Hebrew s exodus from Egypt estimated around 1447 BC roughly 3 459 years ago Did God somehow come to Moses aid by staging a cosmic event that no one today understands The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012 According to ancient Mayan cosmology time as we know it on Earth will reach its climax on that date Written across the scroll of time and space the author believes Planet X will first return in 2009 and again in 2012 *2000 and Beyond* Dona Smith,1998 **Arguing the Apocalypse** Stephen D. O'Leary,1998-08-20 Apocalyptic expectations of Armageddon and a New Age have been a fixture of the American cultural landscape for centuries With the approach of the year 2000 such millennial visions seem once again to be increasing in popularity Stephen O Leary sheds new light on the age old phenomenon of the End of the Age by proposing a rhetorical explanation for the appeal of millennialism Using examples of apocalyptic argument from ancient to modern times O Leary identifies the recurring patterns in apocalyptic texts and movements and shows how and why the Christian Apocalypse has been used to support a variety of political stances and programs The book concludes with a critical review of the recent appearances of doomsday scenarios in our politics and culture and a meditation on the significance of the Apocalypse in the nuclear age Arguing the Apocalypse is the most thorough examination of its subject to date a study of a neglected chapter of our religious and cultural history a guide to the politics of Armageddon and a map of millennial consciousness The Lure of the Millennium Raymond F.

Bulman,1999 The Lure of the Millennium offers a hopeful guide to the upcoming millennium and discusses the challenges that the world will face in this upcoming age Bulman examines and uses Christ s thousand year reign on earth as described in the Book of Revelation as his basis exploring pre and post millennium theories *Millennium Prophecies* A. T. Mann,1992 The millennium is at hand Which of the world shattering prophecies of the great seers and mystics will we witness Armageddon and the end of our planet The coming of the Antichrist Visitation by aliens Another Ice Age A T Mann examines and compares the predictions of such seers as Nostradamus Edgar Cayce St Malachy and others to prepare us to meet the future **Apocalyptic Fever** Richard G. Kyle,2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more Last Days Madness: Obsession of the Modern Church Gary DeMar,1999-08 Last Days Madness explains the most difficult prophetic passages clearly and concisely Gary DeMar sheds the light on Daniel 7 13 14 9 24 27 Matthew 16 27 28 2 Thessalonians 2 2 Peter 3 3 13 and dozens more He identifies the Beast the Antichrist and the Man of Lawlessness and clears the haze regarding Armageddon the rebuilding of the temple the meaning of 666 and much more This ground breaking book is guaranteed to make you think and is your survival guide and spiritual compass to insure you escape the paralysis of last days madness Prophecies Gerald Bailey,1998 **Weekly World News** ,1999-10-05 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site *Nostradamus and Beyond* Peter Lemeseurier,Peter Lemeseurier,1999 If you re intrigued by the uncanny ways the 400 year old prophecies of Nostradamus have come true over the centuries you ll be even more amazed as an expert interprets more of the seer s predictions about the year 2000 and beyond The author details the process Nostradamus used to predict the future history of the world up to the year 3797 Previously unpublished charts reveal how it is possible to pinpoint dates and sequences for many of the more ambiguous prophecies Most importantly Lemeseurier applies these new methods of interpretation to Nostradamus s predictions about our immediate future Over 256 of Nostradamus s prophecies receive closer scrutiny They include wars erupting in North Africa the Balkans and the Middle

East in the next decade weapons of mass destruction unleashed in Europe and a pope deposed in 2005 As you learn Nostradamus s techniques you can even try them yourself and see how accurately you can predict important events in your own lifetime **Revelation's Predictions for a New Millennium** Mark A. Finley,2000 *Subject Guide to Books in Print* ,1997 **The New Millennium Manual** Robert G. Clouse,Robert N. Hosack,Richard V.
