Fifty years after his death C S Lewis fascinates his readers still Well established as a key figure in children s literature he is increasingly recognized as a significant Christian thinker The authors in this volume are from a wide range of Christian traditions testimony to the reach and significance of Lewis s legacy The essays return to Lewis s devotional and theological works assessing their place in his own thought and in the theology of the twentieth century Lewis emerges as an insightful and creative theologian whose ideas continue to surprise in their sophistication and fecundity Indeed it is suggested that he represents a way of doing theology mere theology which suggests ways in which Christian thought may reengage the complex cultural debates of the contemporary world

Militarizing Outer Space Alexander C.T. Geppert, Daniel Brandau, Tilmann Siebeneichner, 2020-12-02 Militarizing Outer Space explores the dystopian and destructive dimensions of the Space Age and challenges conventional narratives of a bipolar Cold War rivalry Concentrating on weapons warfare and violence this provocative volume examines real and imagined endeavors of arming the skies and conquering the heavens The third and final volume in the groundbreaking European Astroculture trilogy Militarizing Outer Space zooms in on the interplay between security technopolitics and knowledge from the 1920s through the 1980s Often hailed as the site of heavenly utopias and otherworldly salvation outer space transformed from a promised sanctuary to a present threat where the battles of the future were to be waged Astroculture proved instrumental in fathoming forms and functions of warfare s futures past both on earth and in space The allure of dominating outer space the book shows was neither limited to the early twenty first century nor to current American space force rhetorics

This new translation from renowned scholar Jean Benedetti not only includes Stanislavski's original teachings but is also furnished with invaluable supplementary material in the shape of transcripts and notes from the rehearsals themselves reconfirming *The System* as the cornerstone of actor training. **The American Catholic Historical**
