not only recounts Cousy's record breaking career but also reveals the superstar's little known personal life from his impoverished childhood in New York City when he was ironically cut from his high school basketball team in both his freshman and sophomore years to his eventful life after his playing career when he coached Boston College and the Cincinnati Royals. In the NBA Readers will discover the mind of a man so tortured by the fear of failure that he had recurring nightmares walked in his sleep and developed a nervous tic. Before Jerry West and Oscar Robertson, before Kareem and Dr J, before the Lakers brought showtime basketball to the national stage, the Celtics dominated the NBA for more than a decade. And Cousy was the team's biggest star. As Reynolds examines the inner workings of a truly one of a kind athlete, Cousy's Life, Career and the Birth of Big Time Basketball examines as never before an era of basketball largely unknown to modern fans with portraits of many of the NBA's vintage superstars such as Bill Russell, Wilt Chamberlain and Elgin Baylor, as well as perhaps the greatest basketball coach of all time, the Boston Celtics' Red Auerbach.

100 Things Mavericks Fans Should Know & Do Before They Die Tim Cato, Mark Cuban, 2017-11-15 Most Dallas Mavericks fans have attended a game at the American Airlines Center, marveled at Dirk Nowitzki's highlight reel plays, and remember exactly where they were when the Mavs won the NBA Championship in 2011. But only real fans supported the team through an 11 win season, know the full story of the team coming to Dallas, and followed along every step of the way during the DeAndre Jordan fiasco. 100 Things Mavericks Fans Should Know & Do Before They Die is the ultimate resource guide for true fans of Mavs Basketball. Whether you're a die hard fan from the days of Mark Aguirre and Rolando Blackman, or a newer supporter in the Mark Cuban era, this book contains everything Mavericks fans should know, see, and do in their lifetime.

Crashing the Borders Harvey Araton, 2007-11-01 Unflinching, timely, and authoritative, Crashing the Borders is the beginning of a much needed conversation about sport and American culture. For those who care about both, this book will be the must read work of the season. The game of basketball has gone global, and is now the world's fastest growing sport. Talented players from Europe, Asia, South America, and Africa are literally crashing the borders, as the level of their game now often equals that of the American pros, who no longer are sure winners in international competition and who must compete with foreign players for coveted spots on NBA rosters. Yet that refreshing world outlook stands in stark contrast to the game's troubled image here at home. The concept of team play in the NBA has declined as the league's marketers and television promoters have placed a premium on hyping individual stars instead of teams, and the players have come to see that big buck contracts and endorsements come to those who selfishly demand the spotlight for themselves. In this taut, simmering book, Harvey Araton points his finger at the greed and exploitation that has weakened the American game, and opens a discussion on the volatile, undiscussed subject that lies at the heart of basketball's crisis. It begins, he argues, at the college level, where too often undereducated inner city talents are expected to perform for the benefit

of affluent white crowds and to fill the coffers of their respective schools in what Araton calls a kind of modern day minstrel show Harvey Araton knows the players well enough to see beyond the stereotypes and by combining passion and knowledge he calls on the NBA to heal itself and with a hopeful sense of the possible he points the way to a better future **The New York Times Index** ,2007 **Life in the G** Alex Squadron,2023-10 Life in the G details the G League experience and the relentless pursuit of the NBA dream through the lens of the Birmingham Squadron s inaugural season *Built to Lose* Jake Fischer,2021-05-04 From front offices to college campuses Jake Fischer takes you on an engrossing tour of the NBA in its latest golden age when some of the most captivating teams won by losing Lee Jenkins former Sports Illustrated NBA writer An insider account of modern NBA team building based on hundreds of exclusive interviews A single transcendent talent can change the fortunes of an NBA franchise One only has to recall the frenzy surrounding recent top pick Zion Williamson to recognize teams willingness to lose games now for the sake of winning championships later It s a story that weaves its way behind closed doors to reveal intricate machinations normally hidden from public view Backed by extensive reporting and hundreds of interviews with top players coaches and executives Jake Fischer chronicles secret pre draft workouts feuding between player agents and executives surprising trade negotiations interpersonal conflicts organizational power struggles and infamous public relations fiascos making for a fascinating look at the NBA The definitive account of the NBA s tanking era when teams raced to the bottom in the hope of eventually winning a championship **Chicago Tribune Index** ,1996
