Tent, Bryan Reid, 2025-05-01 Founder of Pioneer Log Homes and creator of reality HGTV series Timber Kings and Carver Kings Bryan Reid believes that anyone including the youth of today can become successful in life and business with the right attitude and hard work If I can do it then anyone can do it you just have to work hard and give 100% every day Raised in poverty with several siblings and a single mother Bryan could easily have remained broke and become homeless but two momentous experiences at a young age changed his life forever As a toddler he fell into a well only to be saved by his mother and her unrelenting will to rescue him Then as an impoverished young boy he found a 50 cent piece during a walk one afternoon and instead of keeping it for himself gave it to his mother to help toward expenses From those two experiences he learned the value of money and kindness and to never give up If it wasn t for those lessons Bryan would not have had success in his log home building business nor would he have been able to fight a setback that would shake both his world and the empire he had worked so hard to build *Money Grows on Trees* is an inspirational biography that masterfully threads the lessons Bryan has learned throughout his remarkable journey with tales from his life and of those who have helped him along the way I must say that success to me is only rarely about money but mainly about self satisfaction gratification and making others happy *Screen Digest*, 2006 **Des Rätsels Lösung - oder warum**

Andrea Geier, Irina Gradinari, Irmtraud Hnilica, 2025-11-07. Weihnachtsfilme lesen lohnt sich. Der dritte Band der Analysereihe bietet zwei Schwerpunkte. Er fokussiert zum einen die Produktivität, Genre- und formatspezifischer Differenzen für die Vielfalt von Weihnachtsgeschichten. Denn es macht einen Unterschied in Form und Wirkung, ob ein Weihnachtsfilm eine Liebesromanze oder ein Abenteuerfilm ist und ob er für das Fernsehen, einen Streaming-Anbieter wie Netflix, den Pay-TV-Sender Hallmark oder das Kino produziert wird. Zum anderen wird das Wunder als ein spezifischer Genremechanismus identifiziert, der alle Weihnachtsfilme strukturiert. Die Beiträge analysieren dieses transgenerische Phänomen und machen Weihnachtsfilme zugleich fruchtbar für eine Neukonzeptualisierung von Genretheorien. ["Das Grüne Gold". Joseph Straubhaar, Swapnil Rai, Melissa Santillana, Silvia Dalben, 2025-09-29. Examining the impact of streaming on the global production and flow of television and film. This book provides an innovative theoretical framework to conceptualize how asymmetric dynamics of power play out in the era of global streaming. This book analyses Netflix and Amazon Prime Video, two tech-based digital native streamers, and compares them to Disney and HBO Max, Warner Bros Discovery, two legacy Hollywood studios with cable TV and broadcasting operations now pursuing global streaming. The book compares their different models of operation and specifically explores how these four streamers, particularly Netflix, are co-producing and commissioning television programs and films in an increasing number of countries. It also examines how this trend is creating new opportunities for independent producers and soft power for the producing nations. This book further considers the direct algorithmic targeting of individuals by their genre preferences across boundaries of culture, language and nation, boundaries that previously protected national and regional television markets, creating a new flow of data colonialism. At a more local level, the book also examines some of the national and regional streaming platforms emerging in some of the key players in the Global South: Brazil, India and Mexico. This is essential reading for students, researchers and academics interested in media studies, global media and global television.
