breed of young American leftist thinkers with a large online presence and a punk rock band and fanzine to run alongside his political collective and magazine *Bad Subject*. In just over 300 pages Schalit and his contributors put forward an astounding array of anti market arguments survey countless pockets of anti capitalist resistance opposition to free market logic comes from a surprisingly wide spectrum from the WTO protesters in Seattle and the Zapatista rebellion to fundamentalist religion and even some centrists and conservatives and assess the role of culture as a public sphere in which opposition can be rehearsed. But what's most striking about this book is not so much its multiplicity of viewpoints or intellectual rigour but the faint hint of optimism it contains. These essays are addressed to the intelligent but not necessarily academic reader and there's a touching conviction that the ideas here should and will be discussed by ordinary people like me and perhaps like you too. *The Independent* on Sunday UK A must read for any up and coming revolutionary who hates market economy but isn't sure why. *Portland Mercury* The collapse of Enron and WorldCom and the increasing evidence of corruption at the highest levels of corporate life has opened the door to a remarkable whirlwind of dialogue about the prevailing economic ideology of the post Cold War era. While traditionally the province of the left concerns about the legitimacy of market driven societies are now being voiced by centrists and conservatives who fear that their livelihoods and their investments are suddenly at the mercy of forces spinning out of control. Enter *The Anti Capitalism Reader* a refreshingly non doctrinaire anthology of writings and interviews covering much of the intellectual geography of the new anti market left that has become increasingly visible since anti capitalist protests rocked the World Trade Organization's 1999 meeting in Seattle. Featuring essays by Doug Henwood Naomi Klein Ali Abunimah Annalee Newitz Paul Thomas Ultra red and the Bad Subjects collective and interviews with Slavoj Žižek Toni Negri Thomas Frank and Wendy Brown. *The Anti Capitalism Reader* moves from politics to culture gender and alternative economic systems. Each contributor presents accessible hard hitting and sometimes humorous critical insights that together make this volume an ideal partner in contemporary discourse about globalization war and economic decline.
