Arroyo Acevedo,2025-09-17 The promotion of health in universities is of great importance as it allows for the encouragement of healthy lifestyles and the prevention of diseases among students teaching staff and administrative personnel The university is a conducive environment for the promotion of healthy habits since firstly it is usually the moment when the students make decisions

under their responsibility and secondly it is a place where academic sports and social activities take place so it is also an ideal moment to promote changes that can be transferred to society and the rest of the individual's life. Health promotion in universities can cover several areas such as healthy eating, physical exercise, prevention of addictions, emotional and social mental health, among others. It can also involve the entire university community from students to administrative and teaching staff. In the case of students, it is essential as it is a period of change and habit formation and the fact that they will be the future decision makers of society.

[50 Ways to More Calm, Less Stress](#) Megy Karydes, 2023-12-26 Touch, taste, smell, hear and see your way to better self care and mental well being. Let's face it, we all feel stress. Deep breathing, meditation and yoga only go so far and not being able to sit still and be alone with our thoughts isn't that unusual. The mind is designed to engage with the world around us and there is no one size fits all approach to finding what calms us because we are so unique in our circumstances, our lifestyles, our finances and our interests. 50 Ways to More Calm Less Stress explores different ways each of our five senses can help bring more calm and less stress into our lives. Whether through touch, sight, taste, smell or sound, each activity includes research or science backed studies that support why it offers health and wellness benefits as well as ways you can incorporate them into your own life. The best part, most of the activities are either low or no cost and can be done inside your own home or right outside your door. Activities include: The magic of gardening, Losing yourself while doodling, Culinary therapy, The nostalgic power of perfume, Nature therapy, Bathing in sound, Capturing a memory, Slow reading. If your brain constantly feels like an internet browser with thirty five tabs open or if you want to quiet the noise in your head long enough to think about what matters most in your life, this book is for you.
