Moody Bitches Julie Holland, 2015-03-03 A groundbreaking guide for women of all ages that shows their natural moodiness is a strength not a weakness As women we learn from an early age that our moods are a problem an annoyance to be stuffed away But our bodies are wiser than we imagine Moods are a finely tuned feedback system that allows us to be more empathic intuitive and aware of our own capabilities If we deny our emotionality we deny the breadth of our talents Yet millions of American women are medicating away their emotions with psychiatric drugs whose effects are more far reaching than most of us realize And even if we don't pop a pill women everywhere are numbing their emotions with food alcohol and a host of addictive behaviors that deny the wisdom of our bodies and keep us from addressing the real issues we face Psychiatrist Julie Holland knows there is a better way In *Moody Bitches* she shares insider information about the drugs we're being offered and the direct link between food and mood and she offers practical advice on sex exercise and sleep strategies as well as some surprisingly effective natural therapies In the tradition of *Our Bodies Our Selves* this groundbreaking guide will forge a much needed new path in women's health and offer women invaluable information on how to live better and be more balanced at every stage of life
