drawn from the research conducted by the Hackers Profiling Project HPP this volume applies the behavioral science of criminal profiling to the world of internet predators The authors reveal hidden aspects of the cyber crime underground answering questions such as Who is a real hacker What life does a hacker lead when not on line Is it possible to determine a hacker s profile on the basis of his behavior or types of intrusion What is the motive behind phishing pharming viruses and worms After gaining notoriety for breaking into many high profile computer systems the Italian hacker Raoul Chiesa turned to ethical hacking in 1995 Today he uses his skills and abilities to find ways to protect networks and computer systems Stefania Ducci is a member of the Counter Human Trafficking and Emerging Crimes Unit at the United Nations Interregional Crime and Justice Research Institute UNICRI Silvio Ciappi is a criminologist who lectures at the University of Pisa and studies criminal profiling These three experts with vastly different backgrounds explore the clandestine network of cyber criminals providing an unparalleled glimpse into the secret lives of these malevolent individuals

The Dream Hacker

Timothy Benson,2018-08-13 Your dreams belong to you Theyre private and no one needs to know what happens in them But what if someone could invade your dreams And once in what if that someone could control what happens while you lie there powerless to affect the outcome Dylan Ward can do that Struggling to make partner in a law firm and finding it hard to hold on to a romantic relationship his nightly dreams become his escape into a world that seems far happier than his real one When he learns about the phenomenon of lucid dreaming where the sleeping person is actually conscious of the events in the dream he immerses himself in an attempt to master it Soon his nights are filled with fun and adventure where he has the power to control events and find temporary relief from his mundane life That relief soon pales when he reads an old legend about dream sharing that leads him to the idea of entering and controlling the dreams of others What starts out as an interesting experiment soon turns into an obsession of hacking into the dreams of the people in his life He begins a strange quest for vengeance power love and all the things that are missing from his real world But its when he devises a way to teach other people how to invade dreams that the dangers of his obsession become frighteningly clear The Dream Hacker moves between imagination and reality along the hazy sleeping path that everyone travels but cant really navigate Mixing equal parts of dark humor and the angst of modern culture the story challenges our notions of understanding what is real and asks just how far a person will go to change the course of his life
