Regional and National Elections in Western Europe R. Dandoy, A. Schakel, 2013-11-19 Utilizing both historical and new research data this book analyzes voting patterns for local and national elections in thirteen west European countries from 1945 2011 The result of rigorous and in depth country studies this book challenges the popular second order model and presents an innovative framework to study regional voting patterns

Government formation in Multi-Level Settings I. Stefuriuc, 2013-04-08 This book examines how parties negotiate coalition deals at the subnational level using the examples of Germany and Spain In such multi level settings parties are present at various negotiation tables often having to make difficult choices about their role in the coalition and the relative merits of being in government over the opposition

Cosmopolitanism, Self-Determination and Territory Oliviero Angeli, 2015-02-03 Territorial rights are often perceived to create barriers and discriminate against the poor This study challenges that notion by re examining the cosmopolitan understanding of territory It addresses issues from the right to vote the right to exclude others to the legitimacy of territorial boundaries and the exploitation of natural resources

Citizenship after the Nation State Charlie Jeffery, Daniel Wincott, 2013-11-29 Offering an confrontation of the uncritical choice of the nation state as a unit of analysis in postwar social science this book utilises specially collected data from 14 regions across five European states to explores how citizens define and pursue collective goals at regional scale as well as at the scale of the nation state

A Research Agenda for Federalism Studies John Kincaid, 2019-12-27 In this forward thinking book fifteen leading scholars set forth cutting edge agendas for research on significant facets of federalism including basic theory comparative studies national and subnational constitutionalism courts self rule and shared rule centralization and decentralization nationalism and diversity conflict resolution gender equity and federalism challenges in Africa Asia and the European Union More than 40 percent of the world s population lives under federal arrangements making federalism not only a major research subject but also a vital political issue worldwide

More Scottish than British Christopher Carman, Robert Johns, J. Mitchell, 2014-02-20 Using official statistics this book explores how the SNP managed to confound expectations and win a parliamentary majority in the 2011 Scottish General Election Perhaps surprisingly it was not constitutional politics or the return of the Conservatives to power in Westminster but domestic issues that decided the vote in the SNP s favour

The

Tangled Complexity of the EU Constitutional Process Giuseppe Martinico, 2022-08-05 Offering a fresh view on the EU constitutionalisation process the new edition of *The Tangled Complexity of the EU Constitutional Process* presents three main points the idea of constitutional complexity the tension between constitutional evolutionism and constitutional constructivism in the process of European integration and the functional nature of conflicts in the evolution of the EU Because of its prodigiousness European law produces consternation among constitutionalists accustomed to traditional patterns of power This book argues that while constitutional conflicts have frequently been depicted as elements of disturbance along the path towards legal coherence they are physiological and might even be functional to the development of the European legal order which should not be understood in a deterministic manner The new edition will be of particular interest to academics and students in the disciplines of law international relations and political science **Das politische**
