Shakespeare's To the Right! Text	Myra's To the Right	Shakespeare's To the Right
My mistress' eyes are nothing like the sun, Coral is far more red than her lips' red, If snow be white, why then her breasts are dun, If hairs be wires, black wires grow on her head, I have seen roses damasked, red and white, But no such roses see I in her cheeks; Than in that smooth, shaven, shaven, shaven, I have no hair upon my face, That music heard a far more pleasing sound, I grant I never saw a golden age, My mistress, when she walks, treads on the ground, And yet, by heavens, I think my love a rare As any that had yet with false compare		misleading is love's ideal friend dun is brownish/dusky damasked is streaked red & white roses never is sticks/somebody smooth is walking golden age is disappointment, contrast, fail to fulfill false compare is exaggeration

transformations Talking Back to Shakespeare is an innovative exploration of the kinship between the kind of talking back that occurs in the classroom and the kind to be found in texts produced by writers who rewrite some of Shakespeare's most frequently taught and performed plays Such revisions unsettle the cultural authority of the plays and expose the accumulated lore that surrounds them to probing often irreverent scrutiny Much of the talking back comes from marginalized readers women like Lillie Wyman author of *Gertrude of Denmark An Interpretive Romance* and other nineteenth century women critics or Jewish writers like Arnold Wesker whose play *The Merchant* transforms the relationship between Antonio and Shylock Some talking back comes from an international collection of oppositional voices of the 1960s including Charles Marowitz Aime Cesaire Eugene Ionesco and Joseph Papp Talking Back to Shakespeare ranges from popular books like the recent Pulitzer Prize winning novel *A Thousand Acres* by Jane Smiley to obscure seldom read ones like Percy MacKaye's ambitious four play prequel *The Mystery of Hamlet King of Denmark* What these published texts share with student journal entries and transformations is the assumption familiar to postmodern readers that Shakespeare's plays are essentially unstable culturally determined constructs capable of acquiring new meanings and new forms By bringing together these two kinds of talking back Rozett challenges the traditional separation between critical and pedagogical inquiry that has until recently dominated English studies
