(1837-38) are of the original edition and have title: Catalog von kunstsachen und büchern, weiche in der Anstalt für kunst und literatur (R. Weigel) in Leipzig vorrätig oder durch dieselbe besorgt werden Rudolph Weigel, 1838 **Studies on the Collective and Feminine in Indo-European from a Diachronic and Typological Perspective** Sergio Neri, Roland Schuhmann, 2014-01-16 This volume contains thirteen contributions on the origin of the feminine gender and its relation to the collective in the Indo European parent language The Indo European daughter languages have got mostly a three gender system however the early attested Anatolian languages owned only two genders In this respect it is debatable whether the feminine gender is primary or arose secondarily from another morphological category Due to special morphological and morphosyntactic phenomena it is also questionable whether the neuter plural of the individual languages continues an inflectional category or it was rather grammaticalized from an original word formation category collective The authors suggest different approaches on the question of the relationship between feminine and collective Neuklingende Harpfe Davids Frisch, 1719 *Kürschners Handbuch der Bildenden Künstler* Andreas Klimt, Sandra Trepák, 2005 K rschners Handbuch der Bildenden K nstler K rschner s Almanac of Visual Artists covers visual artists from Germany Austria and Switzerland in ca 5 000 lexically structured articles and provides an up to date overview of contemporary art in this region For the most part the entries are based on what the artists report about themselves Besides important biographical information and details on the works of living artists the handbook informs about the public and private galleries museums and collections with works of modern art A corresponding connection between artists and art dealership is thus established Further helpful indexes list associations and societies of artists as well as art journals Catholicon ou Dictionnaire universel de la Langue Françoise Johann J. Schmidlin, 1772 **Neu-Klingende Harpffe Davids, Das ist: Die von dem seel. Luthero in reines Teutsch übersetzte Fünff Bücher Der Psalmen Davids, Wie solche I. Nach der darinn enthaltenen schönen, obgleich etwas verdeckten Ordnung accurat zergliedert; II. Durch Marginal-Annmerckungen fast von Wort zu Wort aus dem Grund-Text schrifftmässig erklärt; Hernach III. mit reichen Lehren, Warnungen, Ermahn- und Tröstungen zu heilsamer Erbauung angewendet; Endlich und IV. mit 173. daraus gezogenen und auf den Zustand unserer Zeiten gerichteten andächtigen Gebeten versehen; Und Zu Förderung deß wahren Christenthums Zum vierdtenmahl, aber um ein weit grösseres, und mit jedem Psalmen angehängten Liedern, nicht weniger mit einer hinlänglichen Einleitung vermehrt** Johann David Frisch, 1739 *Pali-English Dictionary* T.W. Rhys Davids, William Stede, 2015-01-01 The merits and demerits of the work will be sufficiently plain even from the first fascicles But one or two remarks are necessary to make the position of my colleague and

myself clear We have given throughout the Sanskrit roots corresponding to the Pali roots and have omitted the latter It may be objected that this is a strange method to use in a Pali dictionary especially as the vernacular on which Pali is based had never passed through the stage of Sanskrit That may be so and it may not be possible historically that any Pali word in the canon could have been actually derived from the corresponding Sanskrit word Nevertheless the Sanskrit form though arisen quite independently may throw light upon the Pali form and as Pali roots have not yet been adequately studied in Europe the plan adopted will probably at least for the present be more useful Still the work is essentially preliminary There is a large number of words of which we do not know the derivation There is a still larger number of which the derivation does not give the meaning but rather the reverse It is so in every living language Who could guess from the derivation the complicated meaning of such words as conscience emotion disposition The derivation would be as likely to mislead as to guide We have made much progress since then As the Pali Text Society began issuing editions and translations of the Pali Canon and Commentaries in quick succession Rhys Davids conceived the idea of the compilation of an exhaustive dictionary of Pali based on the voluminous basic material that was being brought to light the work took more than twenty years of devoted labor but before his death in 1922 Rhys Davids had the satisfaction of seeing its first volume published In four volumes issued over 1921 25 the Dictionary contains every Pali word with its Sanskrit root identified and meanings given in English Carrying over 1 50 000 textual references the work holds the field even today as the best Pali English Dictionary
