Stories of Tonality in the Age of François-Joseph Fétis Thomas Christensen, 2019-06-14 Stories of Tonality in the Age of François Joseph Fétis explores the concept of musical tonality through the writings of the Belgian musicologist François Joseph Fétis 1784 1867 who was singularly responsible for theorizing and popularizing the term in the nineteenth century Thomas Christensen weaves a rich story in which tonality emerges as a theoretical construct born of anxiety and alterity for Europeans during this time as they learned more about other musics and alternative tonal systems Tonality became a central

vortex in which French musicians thought and argued about a variety of musical repertoires be they contemporary European musics of the stage concert hall or church folk songs from the provinces microtonal scale systems of Arabic and Indian music or the medieval and Renaissance music whose notational traces were just beginning to be deciphered by scholars F tis s influential writings offer insight into how tonality ingrained itself within nineteenth century music discourse and why it has continued to resonate with uncanny prescience throughout the musical upheavals of the twentieth and twenty first centuries

Frank Viola, George Barna, 2010-09-30 Have you ever wondered why we Christians do what we do for church every Sunday morning Why do we dress up for church Why does the pastor preach a sermon each week Why do we have pews steeples and choirs This ground breaking book now in affordable softcover makes an unsettling proposal most of what Christians do in present day churches is rooted not in the New Testament but in pagan culture and rituals developed long after the death of the apostles Coauthors Frank Viola and George Barna support their thesis with compelling historical evidence and extensive footnotes that document the origins of modern Christian church practices In the process the authors uncover the problems that emerge when the church functions more like a business organization than the living organism it was created to be As you reconsider Christ s revolutionary plan for his church to be the head of a fully functioning body in which all believers play an active role you ll be challenged to decide whether you can ever do church the same way again
